MALE CALL

Docs, Deviants and a New Drummer

I'm thrilled with the new style of Drummer magazine, the format is much more up to date involving both old guard leather and the new younger fetish and leather community. Finally the 70's leather clones have been given a rest and the magazine now features punk, rubber, pierced, tattooed, skin-heads and queer men of all kinds. Young queer people are now being recognized by the magazine that for many, myself included, was their first exposure to the leather scene. The first time I walked into a Rhode Island leather bar, 19 years old; rings through my septum, tongue and nipples; Minor Threat tee shirt and Docs, I was not welcome. The old guard leather men wouldn't talk to me and the fashion clones were telling me there was no such thing as gay skinheads. Well over two years later I've become friends with many fetish and leather enthusiasts both gay and straight. Most of the SM techniques I've learned were either on my own or from a dyke friend. So now two years later I'm able to comfortably socialize with other deviants. The new style of Drummer shows respect for everyone whether they are an old guard leather man or a 21 year old punk.

A Study in Uncut Cock

Enjoyed the "Uncut Lust"

I've also seen three men who appear to have had blind meat. One man who I was privileged to perform oral sex on loved having his tight nipple worked on. He always came back for more, in fact for many more sessions. Each time it was a treat for me—and him.

Keep up the good mag.

Walking a Thin Line

I am the 1995 International Mr. Drummer contestant who had the words "Thin Is In" printed on my back during the jockstrap section of the contest held at Club Townsend in San Francisco on Saturday Sept. 23rd. The dance master first presented me to the packed house posed only a few feet away from Mr. Body-by-god Australia. The words on my back were a set-up for the Popeye poses I was planning for the solo portion of the presentation. If the big bear contestant had the word "Bigger is Better" printed on his back with black Magic Marker it would have been even better.

The entire vein of my performance was humor. I was goofing on my own thin body type. As a kid I was the skinny awkward kid who got sand kicked in his face by the beefy jocks. I also wanted to make a statement against the tyranny of the prefect male body stereotype in the gay community.

But, some people were offended and thought that the words "Thin Is In" were in bad taste because so many in our community are sick. I, as well as anyone, know the devastating images

Relentless Hard-on

As a long-standing attendee of your International Mr. Drummer Contest I was very nervous about the magazine's decision to subcontract the event to producer Audrey Joseph and her Fantastic Realities production company. But, after attending this year's happenings I have nothing but praise for a job well done. The Mr. International Drummer contest, as well as the Folsom Street Fair, was hotter than ever. My dick was hard from beginning to end!

ROPE TRICKS

**Some Things
To Remember
Before You
Tie Up Your Man**

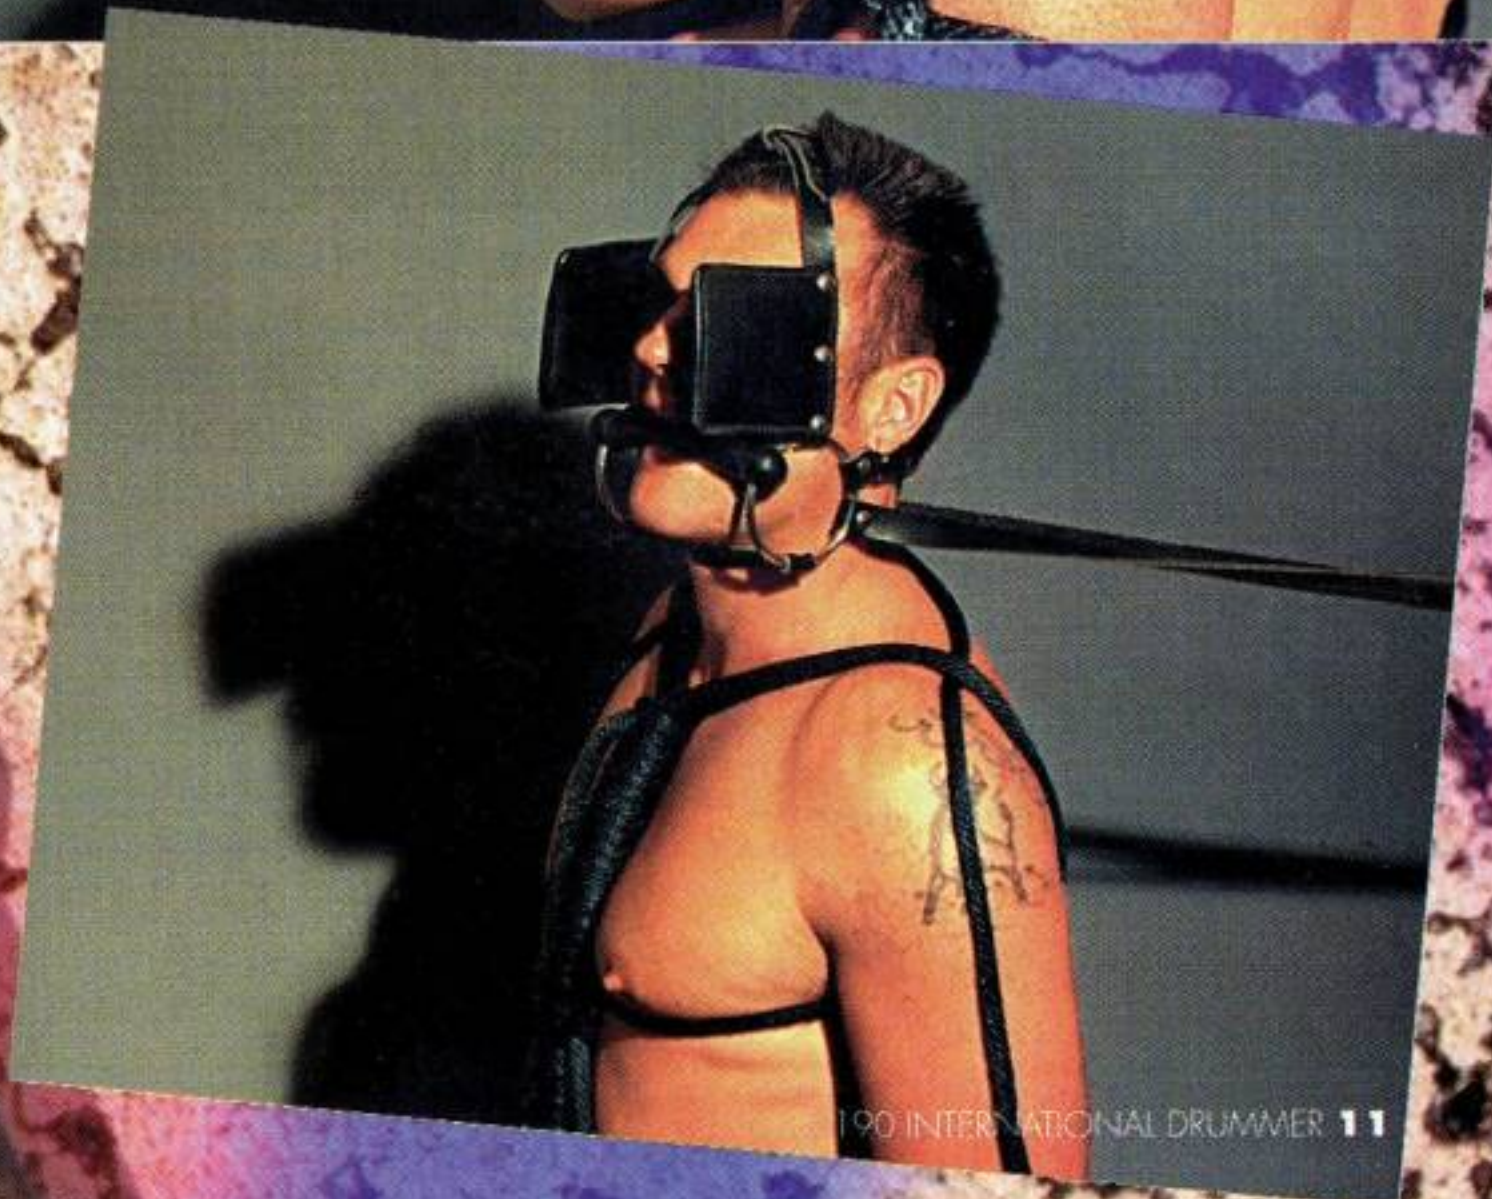

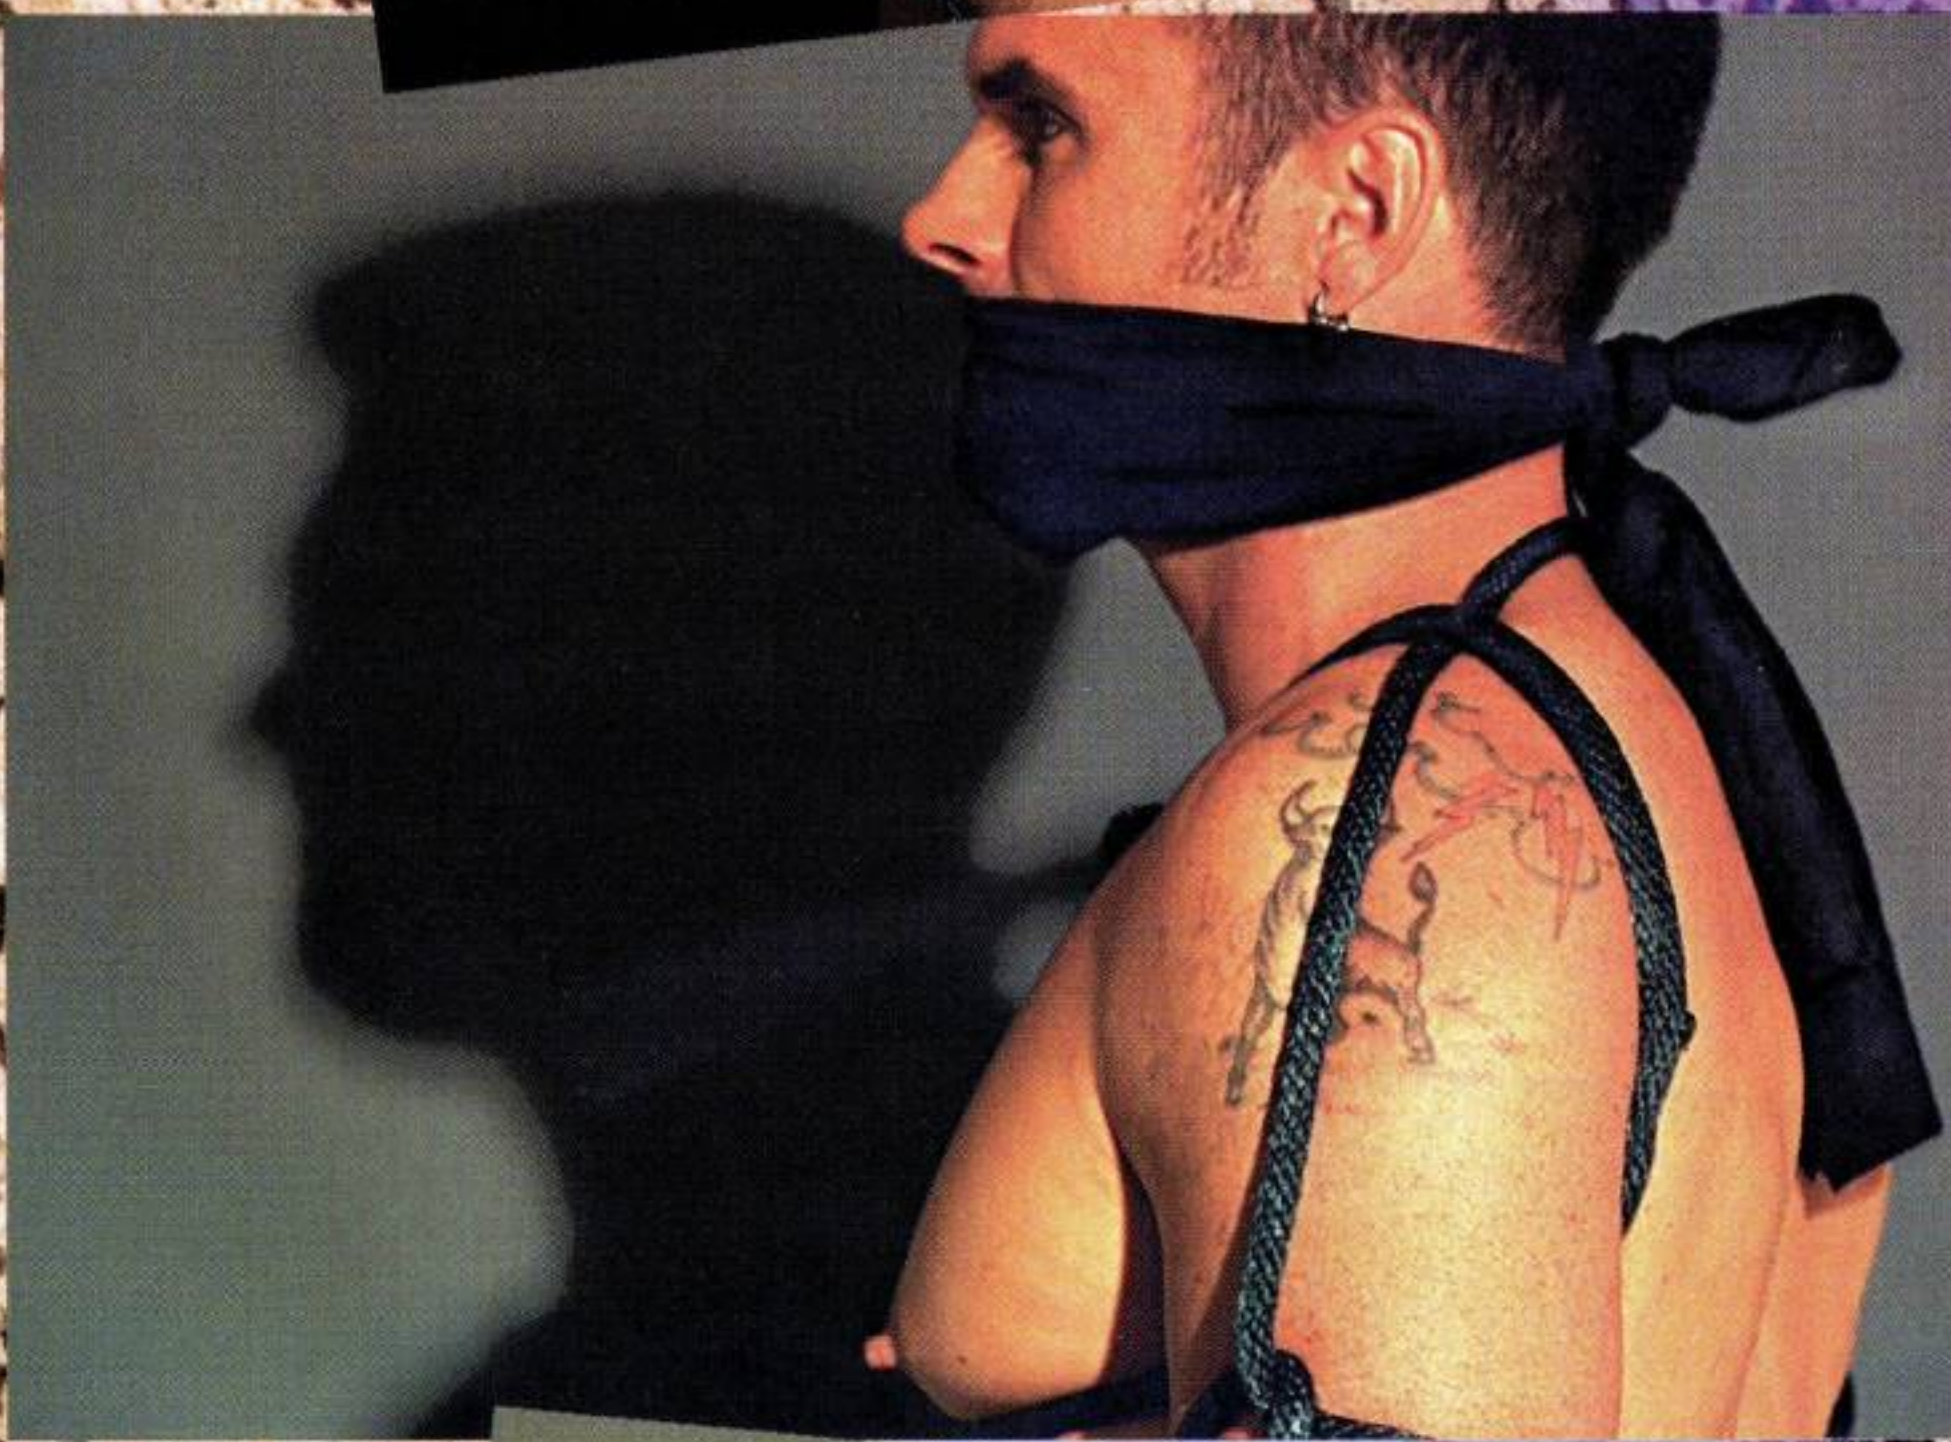

model: Ted Downer; bondage by Hal;
photos by Jamey Price; accessories by RoB Gallery

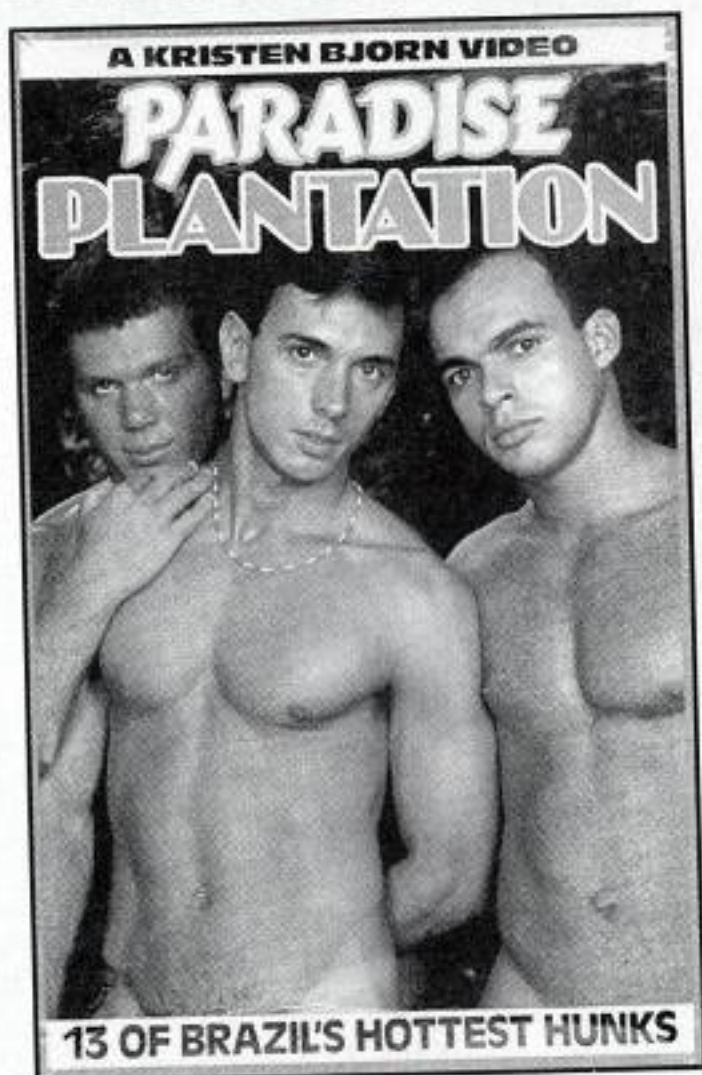

ROPE TRICKS

- Never bind a person in such a way as to stop the natural flow of blood or tie any ropes restrictively around pressure points or the neck.
- Have a way to cut ropes quickly if necessary.
- Check with your bottom frequently to insure their safety, by asking questions and by feeling for natural warmth in the extremities.
- Use easily untied knots, especially loops.
- Wind ropes multiple times before tying them off; single strands will constrict more easily than multiple strands tied with one knot.
- Never leave an immobilized bottom without supervision or face down on a bed or pillow.
- Thin cords are more dangerous than thick ones.
- Ropes are more dangerous than chains.
- Comfortable positions are more conducive to long term bondage.
- Be certain your bottom's weight is well supported.

Something New

By Dyrk

I was thrilled when one of my favorite photographers got into video several years back and started giving his fans even more. Kristen Bjorn has always had a thing for hot and hunky uncut studs, and in Paradise Plantation and The Caracas Adventure we aren't disappointed in his cast.

Coffee never tasted so good until you've seen Bjorn's version of a coffee plantation worker. Mocha colored skin and lots of cream — I mean lots of cream gushing forth as these workers loaf on the job and even entice the owner's son into a cum squirting coffee break in Paradise Plantation.

The dialogue from the narrator is a little forced but soon all you hear are the sweet sounds of muscular Brazilians talking dirty as they suck and fuck each other. My hunky Brazilian beau tells me that the grunting and action is accompanied by real words of encouragement, so if you speak Portuguese, you'll be in for a treat.

There's a hot three-way in the heat of the day that gets one lucky fella plowed several times from both ends. And then there's the fireside scene

but also needs to explore what the big city has to offer.

What awaits him is a robbery, some consoling hunks and a whole lot of cock and cum as he gets every orifice plugged and pumped. The robbers get caught by the policia and the tables are turned more than once as the action gets hard like my dick did. After some deep drilling fun, Sylvio decides that he belongs in the jungle with his horny, hung lover and we witness a steamy hot reunion as they fuck on the table and in a waterfall.

Both of these videos by Kristen Bjorn are hot, well made productions with a decent storyline and a humpy cast. The sex is regular, but there's plenty of it and lots of cum flying out of big, rock hard uncut cocks — so much that even the thought of it all makes my mouth water. All in all these are two videos I plan on keeping for my private collection.

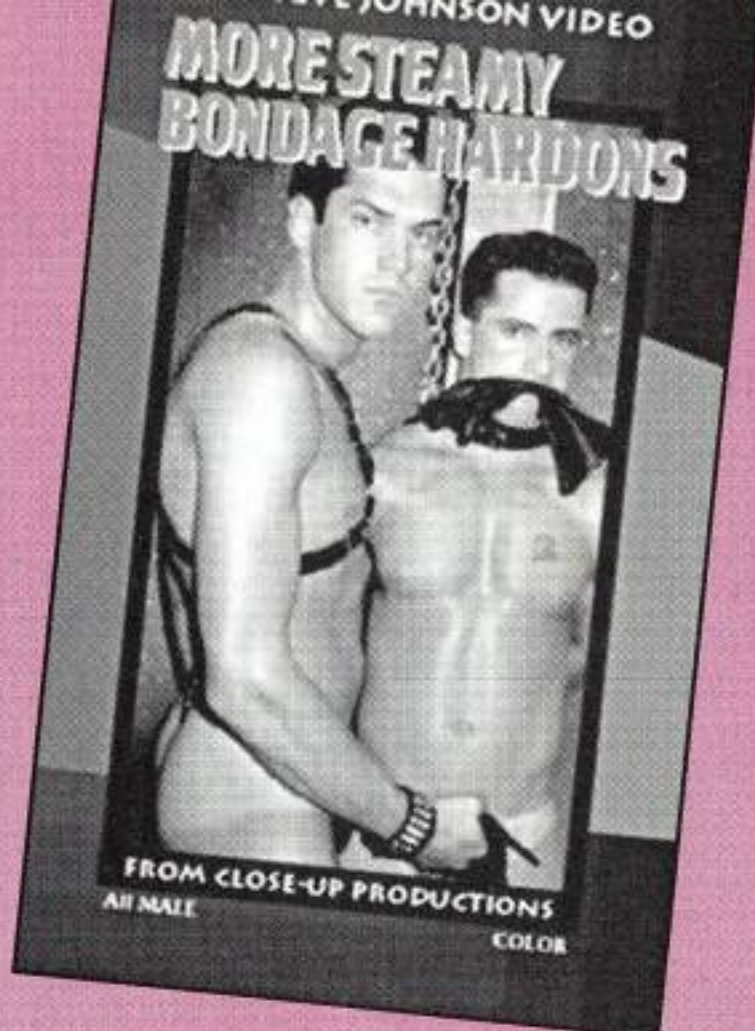

The Lost Boys

A few of the latest from Close-Up Productions are More Steamy Bondage Hardons, Lost Loves and in conjunction with Russo Productions The Intruder Two.

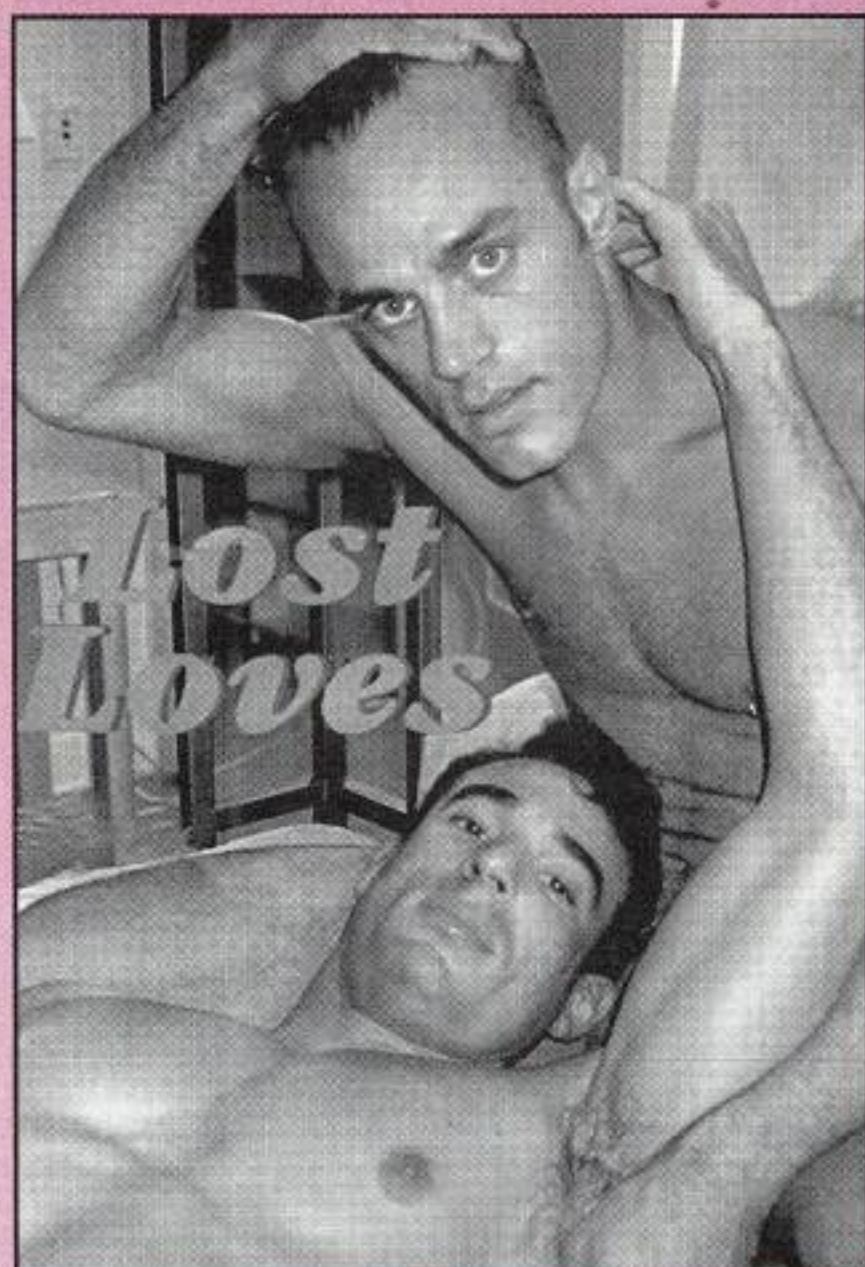

More Steamy Bondage Hardons starring Rob Cryston, Grant Larson, Steve Pierce, Dirk Davenport, and Butch Hardon starts out with a long training session for Rob Cryston at the hands of a humpy, youngish guy with a beautiful cock. The training includes some light bondage, lots of verbal abuse and more. His training isn't complete until he's had his mas-

COCK AND SPIT BURGLARS IN THE INTRUDER TWO

nice latin cock is as filled up as his handsome sleepy head.

Meanwhile, back in the store, the other two are having some real-life fun of their own. One of my favorite things is to suck life back into an old piss and cum stained jock strap, and apparently Pierce likes it too. In other productions by Bob Jones and Rick Bolton, we normally see Pierce as the top — which he does well. In *More Steamy Bondage Hardons* he bows to the every whim of the customer as he takes first a hand, then a big black dildo, and finally a flesh and blood cock up his pretty pooper.

In *Lost Loves*, director Steve Johnson takes us down a whimsical path of lust as three hunks recall their experiences with other studs. The stars include Eduardo, Wolff, Randy Storm, Shawn Justin, Erick Johansen and Jesse Skyler.

In the first scenario, Wolff delivers more than a 5 gallon container of sparkling water as Shawn Justin successfully seduces him. They suck each other in the kitchen before they move into the bedroom for a deeper delivery. After Wolff gets fucked by Justin's big dick, the cock is replaced with a hungry tongue until they both cum.

A solo jerk-off and a lusty letter sets the

stage for a hot memory in a hot tub between Randy Storm and Erick Johansen. The action is pretty tame and you can pretty well guess there's some sucking and fucking that happens. The same basic stuff occurs in the third and final scenario, although I must say that I thoroughly enjoyed the hunky, hairy Eduardo as he pumps Skyler's butt.

The *Intruder Two* is actually one of the better videos I've seen from Russo Productions. What starts out as a favor to a friend ends with Danny DeMayo laying naked around his buddy's apartment, watching straight porn and jerking off. I was a little disconcerted when he first started looking directly into the camera and talking dirty as he violates his own hole with his fingers, then his friend's dildo.

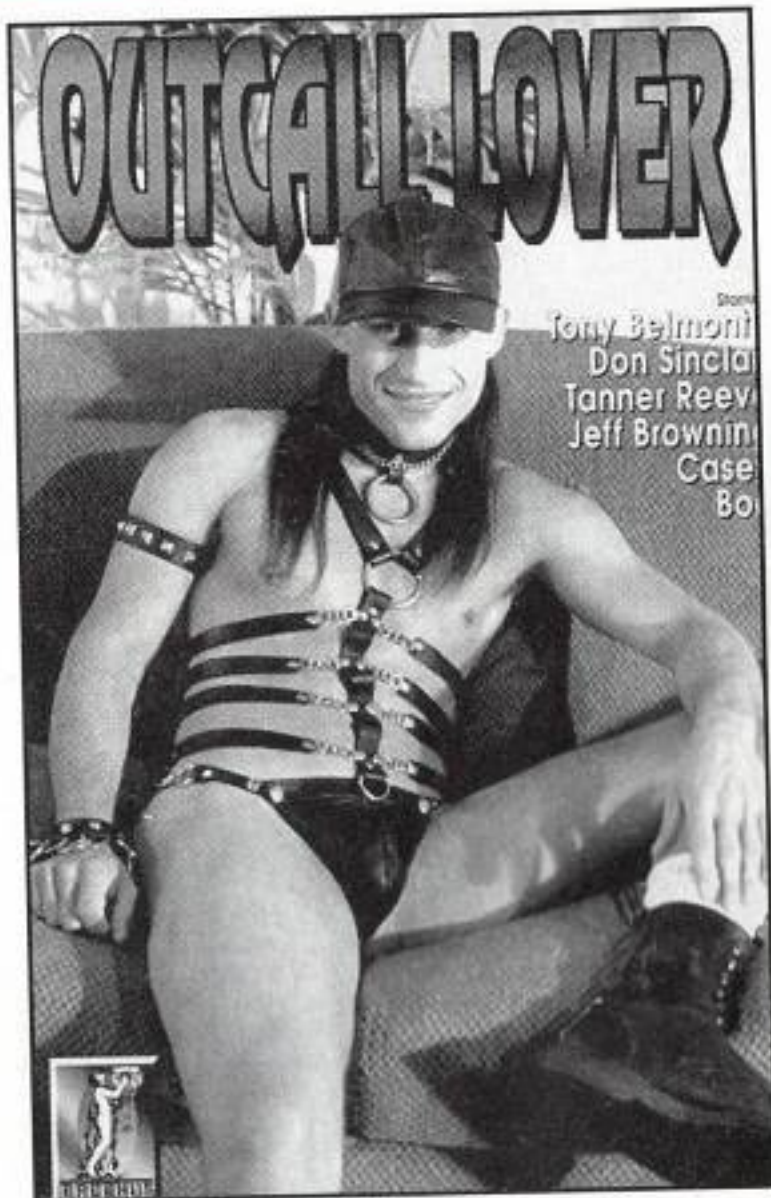

Later, after DeMayo is long gone, the friend shows up to find that his house hasn't been painted and that he just paid DeMayo to use his stuff. At first these intrusions really piss him off until he sees DeMayo stroking his big cock and cumming in his bed. As a result, the king-size pillow gets cuddled and humped before the apartment tenant dozes off in a pile of bedding.

Next a pair of straight leather men sneak in to his apartment through the fire escape to burglarize the place. As the burglars, one a daddy bear type and the other a hard-bodied punk, ransack the place the tenant wakes up and the struggle is short lived as he first gets tied up and then raped — but then again you can't rape the willing.

As they try to find things to steal, they discover their host's sexual orientation by the titles in his video drawer and the dildo that DeMayo left laying around. They end up untying him and feeding him cock and spit. It is hard to tell who has more fun, the burglars or the tenant.

Leather Drag

Bacchus Releasing puts out a whole helluva lot of videos but I'd like to

THE BOYFRIEND IS SUCKED, RIMMED AND FUCKED

focus only on one in this article – Out Call Lover starring Tony Belmonte, Don Sinclair, Tanner Reeve, Jeff Browning, Casey, and Boo.

I would love to read a psychological study of how mates react when one is a sex worker. In Out Call Lover, Belmonte is the call boy with an understanding and helpful boyfriend that doubles as a receptionist. But when Belmonte refuses to talk to a client on the phone because he's too sleepy his beau gently wakes him up by nibbling on his toes and working his way up Belmonte's tired form. The gentleness is short lived as they wrestle around before the boyfriend is sucked, rimmed and

we next see these two queenie kids sitting in the lounge area of the apartment complex as a new neighbor joins them. When the nellie ones find out that the newcomer is straight they decide to put on a show to entice the straight one who sits mildly interested in a girlie magazine as the others 69 on the floor at his feet. After some hot fucking scenes, the straight boy is transformed into a good ol' fashioned rimmer.

Get A Job!

Job interviews in the porno industry can be hell. Just ask the guys who are trying to get work with Bound & Gagged in A Day At The Office starring Kyle Brandon, Chris Corvid, Josh Ireland, Matt Andrews, and Greg Foster.

It opens with Matt Andrews arriving to be interviewed for a job unknown to the audience (are they going to be typists, mail room boys, models or what?) While the specifics elude us, the exact nature of the job is soon figured out as he is ordered to strip before he's cuffed and collared.

That's when the flogging begins. Next, the gag is inserted into the mouth to keep the noise level at a minimum as he is paddled. Then the blind fold, nipple clamps and cock ring are used.

The action takes a slight turn when there's a knock on the door. The interviewer reveals another applicant

beaut (nice and thick with a pair of yummy low hangers).

For some reason my two favorite things in this video are the cum scene with the guy in a cock cage and the comment to one of the trussed up interviews – "Don't go anywhere."

It's hard to say exactly how many job applicants are bound and gagged throughout their offices, but true to their name, everyone is bound and gagged. There is no penetration in this video, however if you're a bondage enthusiast who cares!

This Shithouse Is Built

Brick House Entertainment, a company I've never worked with before, just sent me Brick Bat 1. This is a compilation of action that goes on in an all black nightclub where the management, not to mention the other clientele, don't seem to mind or notice that there is sex happening on the pool table and on cocktail tables. This all-black cast is filled with some hot men and I was particularly turned on by the hirsute janitor. ■

THIS ALL-BLACK CAST IS FILLED WITH SOME HOT MEN

Berlin On 10 Condoms a Day: Germany's most vibrant city and the gay capital of Central Europe.

Berlin has much to offer the gay traveler: a rich gay history; a thriving art scene; and truly raunchy darkrooms. Berlin is anything but boring, with its mix of old stand-by gay establishments and its newer, wilder haunts of both leather and disco varieties.

Berlin impresses the visitor with its varied and dramatic architecture and its wide avenues. Until 1989, when the Wall came down, Berlin was divided into East and West. Unification brought together the former German Democratic Republic (communist East Germany) and the Federal Republic of Germany (capitalist West Germany). Whether reunification is good or bad has been the subject of

heated debate. The best way to learn more about the varying viewpoints is to talk to the natives. But enough about politics, let's get down to business!

Getting Acquainted

Some must-do's worth mentioning are as follows: cruising in a double-

decker night bus; late-night visits to the kebab/döner/gyro stands which line the streets; cruising guys at klappen (public urinals, both indoor and outdoor, some of which are real beauties!); cruising in the famous Tiergarten (anytime, day or night) and/or the infamous Grunewald area; admiring the vast array of German beards and mustaches (Knock yourselves out, Bears!)

A trip through gay Berlin should start at Mann-O-Meter, the city's gay information center. Here, you may inquire about housing, events, addresses, etc. Mann-O-Meter houses a cafe, as well as providing counseling and AIDS information. You may also purchase reasonably priced condoms and lube here. Be sure to grab copies of the free magazines, such as BOX, First, Gay Express, Downtown, and Siegesäule. Also helpful are the "Safe Sex for Leathermen" brochures.

Gay-specific art and photography interests can be satisfied at the Schwules Museum (rotating exhibitions) and the Janssen Gallery (huge collection, rotating exhibitions). Gay literature and photography books can be found at Prinz Eisenherz Buchladen.

For hot leather, rubber, and other fetish gear, visit Berlin's various specialty shops, some offering tailor-made and one-of-a-kind items. The

most highly recommended shops are Werkstatt Frank Paetsch (rubber), Horst's Laden, Walter's Leder Boutique, Blackstyle (latex and rubber) Lederboutique bei Gunther, Garage and Tschul.

Cruising

Cruising in Berlin is a 24-hour-a-day adventure.

From parks to public toilets to dark-

rooms in bars, Berlin offers plenty of options for the horny visitor (and plenty of

The Victory Column

ADVENTURE

uncut German cock!)

Cruising for public sex is quite prevalent and relatively safe. The opportunity to have uninterrupted sex outdoors is especially enticing for travelers from cultures in which this is not so possible.

There are three main outdoor cruising areas for gay men in Berlin. The most accessible of the three is Tiergarten, Berlin's 'Central Park.' Once at Tiergarten, look for the Siegessäule (Victory Column). The cruising quarter begins from the southwest corner of the traffic circle surrounding the

Siegessäule. Walk along the path that parallels the east-west thoroughfare.

Here you will find many areas hidden by bushes and 24-hour cruising possibilities. A veritable cock sucking heaven! When following the path from the Siegessäule, you may choose to take the smaller path which breaks off to the left. This will bring you to two large meadows filled with hot naked buns, glimmering in the afternoon sun. The gay cruising area generally ends at the stone curved chess pavilion.

A hot outdoor cruising spot, specifically for leather men, is Grunewald, on the outskirts of town. There is an area for schmoozing (pre- or post-sex) near parkplatz, but the remainder of the area is reserved for heavy cruising among heavy players. From 2 a.m. until dawn, this leather/rubber-only

left into the wooded area for serious SM action.

Another outdoor cruising area is Märchenbrunnen (Fairytale Fountain). Märchenbrunnen is located in former East Berlin, in the section of town called Prenzlauerberg. When cruising here, use caution, due to the recent rise in Skinhead activity.

Bars, Baths & Bistros

The bar scene in Berlin is quite active and extremely cruisy. While there are many places to which disco clones flock, the focus here is specifically on leather bars. Most of the leather/Levi/rubber bars in Berlin feature active darkrooms (some better equipped than others). Condoms and poppers are readily available for purchase.

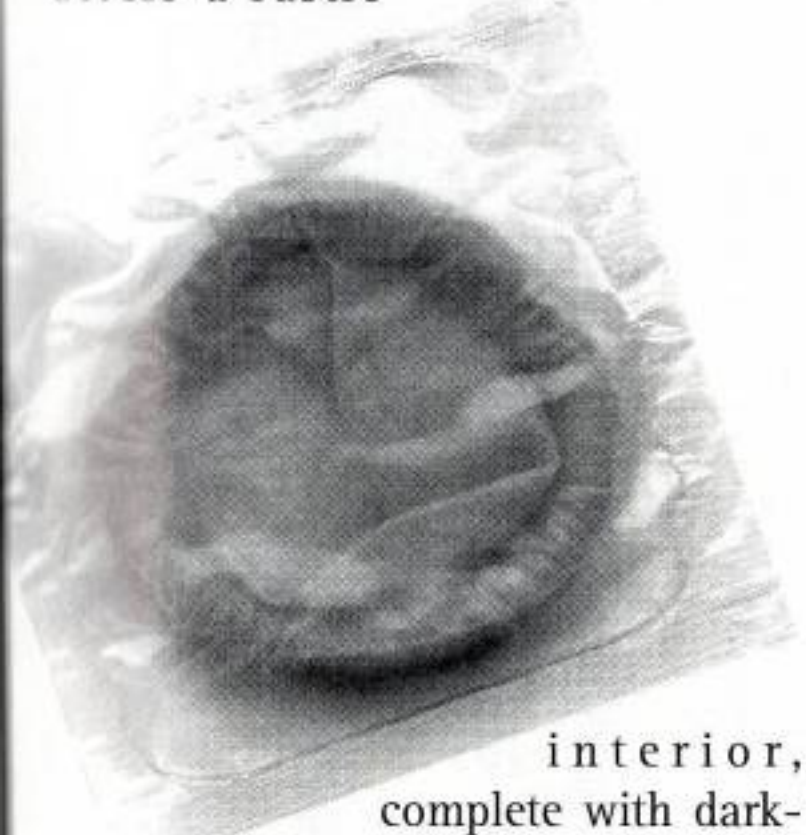

Knast (translation: "prison") is a long-standing leather bar with an active darkroom, as well as porn videos. As Berlin's most popular leather bar, Knast is home to the city's oldest leather club, MSC Berlin (Motor Sport Club). The sidewalk outside Knast is extremely cruisy. The bar is at its best around 1 a.m.

Directly across the street from Knast is Connection, a popular disco with a basement darkroom called Twilight Zone. During the week, Twilight Zone enforces a strict dress code and you must enter through the side door (Welserstrasse 24). Through Connection-Twilight Zone, you can reach the cinema and video floors of the Connection Garage, the adjacent leather clothing/toy shop and cinema.

have to shoot your wad elsewhere.

In der Scheune, opened for business earlier this year, offers a rustic

interior,
complete with dark-

room, in a prime location. Berlin's famous guesthouse Tom's House features rubber parties at this bar on the last Friday of each month!

The legendary Tom's Bar, smack in the middle of the gay nightlife area, is no longer the leather man's haven it once was. It does, however, still feature a large basement darkroom and a very cruisy toilet scene. Tom's House, around the corner, offers convenient but not-so-cheap lodging for leather men.

The first leather bar in the former East opened after the Wall came tumbling' down—is Le Moustache. Here you will find classic leather men and a very cruisy darkroom. Le Moustache also functions as a pension, for those who are too hot, tired, or bruised to make it home.

Other leather friendly places are the Berlin Connection Café & Bistro, the well-known Andreas Kneipe (completely restored after a fire last year), New Company and Kitchen.

A completely new bar is Pick Ab, a bar with video and darkroom in the East part of Berlin, close to the Pfefferberg, the location where regular leather parties are being organized by the techno-fetish SNAX Club.

For a slightly different (though no less stimulating) cruising experience, try your luck in one of Berlin's many bathhouses. Most of these establishments stay open all weekend, from

noon on Friday through Monday morning. Highly recommended are Gate Sauna, next to the Brandenburger Tor, and Treibhaus Sauna, in former East Berlin.

The Leather Scene

Berlin is well-known for its particularly strong leather community. While the leather scene is definitely quite active and decidedly hot, be warned that leather and SM do not necessarily go hand-in-hand. While SM usually implies leather, leather does not necessarily imply SM.

In addition to the aforementioned leather bars, there are several thriving leather/fetish groups in Berlin. MSC publishes a monthly bulletin, *Unter uns gesagt*, which can be found at any leather bar. Members of *Berliner Motorradbären* are required to be motorcycle owners in order to join. Special sex events are organized by *Quälgeister* (Tormentor). This non-commercial SM group offers theme-based sex parties (i.e., Golden Showers, Bondage, Fisting, Shaving, etc.). Their extremely well-equipped playrooms are in an old factory. The set-up here is sure to serve the needs of almost any pervert. Particularly noteworthy is the fine suspension bondage equipment. Showers and dressing rooms are available here as well. A strict dress code is enforced and guests are expected to play safe. The number of guests permitted is strictly regulated and it is often necessary to buy tickets in advance. You can obtain information about upcoming *Quälgeister* events by contacting Mann-O-Meter. Blackline Interchain, an international SM organization based in Berlin, is another valuable resource for the traveling pervert.

For special events, such as the highly recommended regular SNAX parties at the Pfefferberg or the regular *Ledertreffen* (leather men's meetings), inquire at Mann-O-Meter.

The major highlight of Berlin's leather calendar is the annual leather festival. The festival, organized by MSC, takes place during Easter week-

end. Mark your calendars, boys, for this is definitely the time to visit Berlin. The festival is a weekend-long series of bar-hopping and related leather events, culminating in an Easter Sunday gala celebration. The hottest part of the festival is, no doubt, the throngs of scantily clad leather men from all over Europe and beyond who flock to Berlin en masse. One not-to-be-missed leather festival event is the S-bahn ride through the city on the Saturday afternoon before Easter Sunday. Picture the thrill of being sandwiched between hundreds of hot, leather-clad men joy-riding in a commuter train guaranteed to be an experience worth remembering!

SEX AND BONDAGE

By Jack Rinella

Photographs by Rick Castro

View From the Top

(As Told By Jack's Slave)

I arrive at Jack's condo and undress. While in the bathroom, I hear chains rattling, not an unusual sound at Jack's place. But little do I know the chains are rattling for me.

I proceed upstairs thinking I'll crawl into bed and get a good night's sleep. Much to my surprise and delight, Jack comes walking up the stairs behind me with chains, locks, wrist and ankle cuffs. I ask him if those are for me. When he says yes, I feel my pulse quickening and my slave cock thickening.

I begin some relaxing self talk, Go with the flow, I say to myself. Enjoy this. You know you want it. You know you need it.

Jack secures the chains through the underside of the hide-a-bed. Few words are spoken. I stand back relishing the moment. When he finishes I know it's bedtime.

He holds the wrist cuffs in his hand. I walk to him and stoically accept my fate. He motions for me to lie down. I assume the spread eagle position naturally. The ankle cuffs are attached. Then the wrist cuffs are secured and locked to the chain attached to the frame of the bed. The ankle cuffs are attached to chains as well. I'm not going anywhere.

Jack throws a sheet and blanket over me, gives a playful twist to my straining slave cock and says, "Have a nice night, Bobby." I respond, "Thank You, Sir."

It's weird to lay here motionless. I hear the sounds of the city and others within the apartment building. There are two other people in this apartment tonight, but I am locked out of what was going on. I wonder if I will be used later while still in bondage.

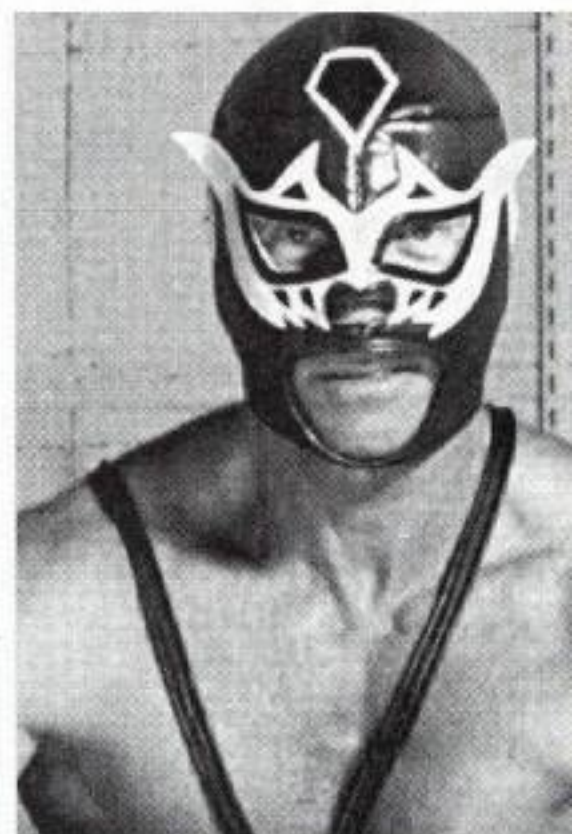

I know another guest was coming to spend the night. I wonder if he knows Jack has a slave chained to the bed upstairs.

My cock stays hard for a long time. I can't reach it, nor turn over to hump the mattress for relief. I feel that's part of the reason I'm in bondage tonight. Master Jack doesn't believe slaves should be pleasuring themselves.

The chains are heavy. Regardless of how I twist and turn it's like being in a rack. There is constant pressure on my arms. It crosses my mind to ask to be let out of the chains. I decide not to pursue that route since I am afraid that if I ask, Jack might say yes. Nor do I want to disturb him. He might be busy with Michael or sleeping.

After what seems like five hours, I hear someone come up the stairs. It is Jack. Quiet and wordless he proceeds to unlock me. Mixed emotions flood me.

He makes a comment about thinking he has lost the keys. I roll my eyes and lie there quietly. After unlocking me he allows me to suck his master cock and then eat his ass, while he brutally works over my slave cock and balls. When he is done, he leaves me happy and content and hard. The bondage has been its own reward and the opportunity to have sex with Jack was icing on the cake.

catalog, or browsing through the actual location, you're sure to get some dirty ideas [and probably a boner].

THE Higgins COLLECTION mainly

sells extremely heavy shackles [a real turn on of mine] and while at first I thought they might just be a rip-off of the FETTERS triple weight irons, on closer inspection, they are even more massive, boast a nifty pop-up locking system, and do possess real allure of their own...[would be quite a trip to have your wrists, ankles, and neck secured in these massive fuckers for a weekend!!!] They also make

ly anthology of true bondage stories submitted by readers [along with several informative articles, the editorial by publisher Bob Wingate, and a generous helping of hot bondage photos - both professionally shot and sent-in by readers.] Although several stories include smatterings of SM as well [most often spanking, or some form of humiliation] the basic slant is the average guy recounting stories of their personal experiences, with the details being on the bondage itself. For those who thought they were the "only person in the world who got turned on by this," B&G is the rag to read. [Another big plus is the ever popular Personal Ads... I've even answered a few on occasion... often with very hot results - one guy who shares my mutual fetish for football gear turned out to be a neighbor of mine...literally only a block away!] My understanding is that the mag is still illegal in Canada - sorry to our Canadian Brothers.

The same company that publishes B&G [OUTBOUND PRESS/KW ENTERPRISES] also puts out a terrific selection of books: a generous smattering of fiction; true encounters; and compilations of snapshots. Most recent gems include the Second "Photo Album" [a dick-drippin' selection of hot guys in prime bondage] and the re-release of the classic novel "The Brig." A listing of all publications is in each B&G issue - another good reason to subscribe.

CHECKMATE MAGAZINE, while often dealing more with SM, does

through local gay publications, computer BBS, etc. But if you're in the tri-state area, listed below are a few clubs worth looking in to.

THE NEW YORK BONDAGE CLUB convenes the first three Friday nights of each month. Meetings usually start with the men standing in a circle mumbling a brief blurb about what they're into, wearing colored markers to denote Top, bottom, or both. It splits; guys pair up, or just wander about watching as the bondage games begin. Because the NYBC is currently entangled in major political turmoil, I almost excluded mentioning it in this article, for fear it may not even exist by the time this goes to print. Hopefully their problems are ironed out, and guys will still have a place to go to get their weekly bondage fix.

There is also an organization called GAY MALE SM ACTIVISTS, or GMSMA. Their meeting topics are occasionally centered around a specific aspect of bondage, basically their aim is to cover as many varied angles of Fetish/SM as possible. While a totally inexperienced novice might learn some of the ABCs of bondage from these guys, in my opinion a guy would have more fun dropping in on the break-away group aptly named the RENE-GADES. They, in my opinion, tend to enjoy their bondage more. Several of their members are experts at many intricate and imaginative practices of the Art; as can well be seen at their bimonthly meetings. Their annual Reality Weekend, held at a fully equipped guesthouse offers a chance

from Missouri is exorbitant in price, but offers [usually] real cops, marines, etc. to lock you up and throw away the key for your rented time, though they do NOT fill fantasies of ANY SEXUAL NATURE.

There's also a joint in Wilkes-Barre, Penn., who's lockdown is bigger than The Academy's and less anti-septic with a more "old time" prison feel....would be perfect for a genuine Alcatraz or dungeon fantasy. They do NOT charge for you to serve your time; it is their privilege to only accept jailbirds by invitation or referral only. One other note: you're also not gonna see many humpy state troopers with biceps like tree trunks strutting around in full uniform as the ACADEMY prisoner might; but the Wilkes-Barre pen is run by an expert in incarceration/torture/ military training techniques with over 25 years experience. ■

Peter Boyd co-wrote and co-produced the video "A Night at the Lure." He is a self-professed dinosaur in the New York City leather and bondage community.

PHOTOGRAPHS BY RICK CASTRO

The photographs featured in this story are by Rick Castro of Los Angeles. The images reflect Castro's artistic vision, one that encompasses bondage, fetishistic longing, obsessions, objectification, porn and unrequited death. The photographer says most of his models are street hustlers. "They make great subjects," he explains, "They understand their limitations and know how to work with them." Castro is currently busy on his first 16mm feature entitled "Hustler Write" starring porn star Tony Ward and post-porn king Bruce LaBruce.

SEX IN **PROSPECT** **PARK**

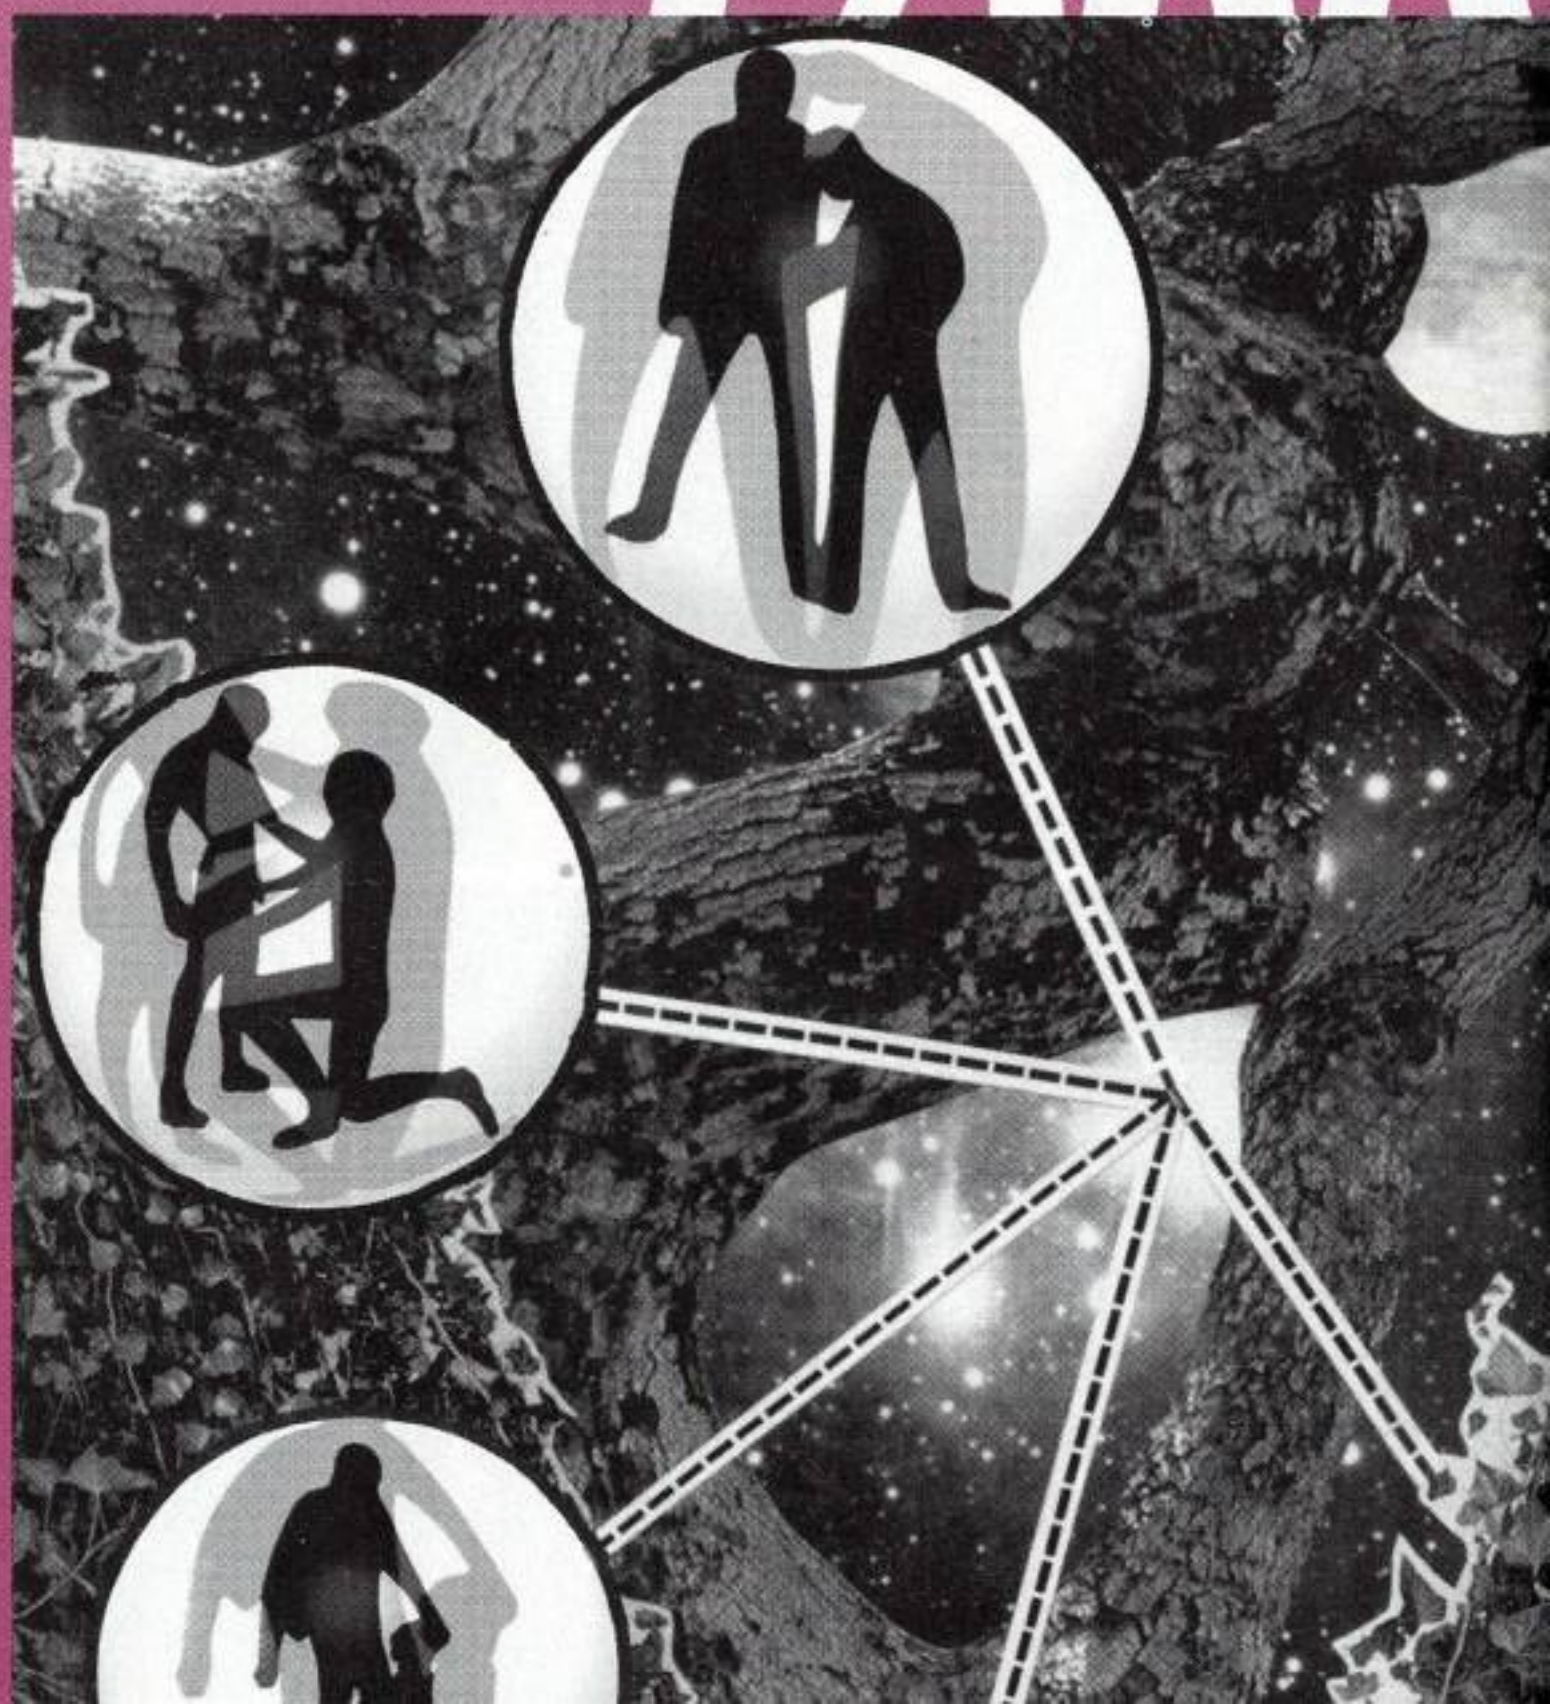

By Chris Leslie

Illustration by Joe De Hoyos

I STARTED OUT
cruising in Brooklyn's
Prospect Park just
after midnight.

A spring shower had
washed the sidewalks
and left a clean scent
lingering in the air.

I walked along
Prospect Park West,
checking out the
many men hanging
out there. The foliage
was just returning
to the trees, and there
was just enough
cover. The regulars
were checking out an
area that they hadn't
been able to cruise

lines of what I was looking for, with a fade and sharply shaved facial hair. He was a few inches shorter than me, and was wearing a football team jersey over a long-sleeve T-shirt. Most importantly, he gave off an aura of street-smartness that was out of place here; he was more the type I'd seen hanging out on a Lower East Side street corner, drinking a 40 with his friends, than the kind of kid you find cruising the park. I was immediately smitten.

I stopped and watched him as he passed me, but he hardly looked my way. Encountering him changed my relationship to the park – suddenly, I was the one drooling at the young, aloof banjee kid. But that did stop me from cruising him. I turned around to see if he looked back to give me an indication to follow him, but he didn't, so I shrugged my shoulders and continued on my way. I knew that he would most likely find nothing in the tunnel and continue on to where I was headed, the small meadow with the reflecting pools (known to park planers as "Mount Prospect Park").

As I crossed the street above the bridge and got onto the path he was right behind me. I slowed down, on the pretense of lighting a cigarette, and he tried to check me out in the darkness. I grabbed the crotch of my pants and walked slowly without looking at him, letting him check me out.

We walked together for a few feet in silence until he spoke. "What's up?" he asked, giving me full borough realness in just two words (one word, actually, considering the way he said it).

"Nothing," I said. "Just hanging out."
"Me too."

We walked in silence along the path about five feet apart, strolling slowly and silently – that banjee thing where two best friends walk down the street without speaking that I picked up from watching fierce boys walk down the avenues in Manhattan. The two of us together looked a little rough, and we scared a few guys who happened by as we walked – instead of cruising us as we passed, they moved to the other side of the path and looked the other

way. We made one guy so nervous that he walked off the path and crashed through the underbrush until he reached the safety of the road, and then watched us pass with a quizzical look on his face. Being part of a small posse gave me a rush, and I started to get a hard-on.

I looked at the boy, and this time he spoke. "So what do you get into?" I was instantly cautious, because this is the way a boy tries to convince another boy that sex is where one guy services another, rather than a free-for-all session. "I like to get my dick sucked," I said, with a deep and quiet voice.

He stopped short and looked like he was about to walk away. "You don't suck cock?" he asked. We were standing near a street light, and I checked him out carefully while I considered the situation. He looked really, really fit – his face was slim, and his shoulders nearly filled out his oversized football jersey. His baggy jeans gave little definition to anything but his ass, which was small and round. He looked like a fairly-well-off inner city kid.

"Do you suck dick, or not?" he demanded, growing impatient.

from the path, then searched for a place to hang out. We were walking near a fallen tree, and I led us over to it. This looked like the right spot, and we stood and looked at each other for a moment. Just for kicks, I said, "You don't suck dick at all?" and looked back the way we came, pretending to be uncertain. There were a lot of other guys out there, and I easily could have found someone to do me the favor.

He knew this, and pondered the situation. "Well, maybe a little," he said. He was waffling, but all I really wanted was for him to admit that he would. Since we had called each other's bluff, I decided to continue to play the game. But not before I grinned at him. He looked away with an out-of-character smile for a few seconds.

When he regained his composure, he motioned for me to have a seat on the stump. I sat down and he sat down on the tree trunk, which put his dick right in my face. One of nature's small wonders – a blow-job seat better than in any sex club anywhere, in the middle of Prospect Park. He put his hands on his sides, leaned back, and waited. I reached up and massaged his crotch,

When his dick finally stiffened, it snaked off toward his left pocket. It wasn't real long, but it was certainly a handful.

He was cute, no doubt about it, and I didn't want him to get away. "I'll suck your dick," I said, trying to give him the idea that he was a special circumstance.

He nodded and looked me up and down, as if he wasn't sure yet if he wanted me to. "I don't get into sucking dick or anything. Got it?" I nodded, giving him my best open-mouthed poker face. But when he walked off into the underbrush, I rolled my eyes and stuck my tongue out at him.

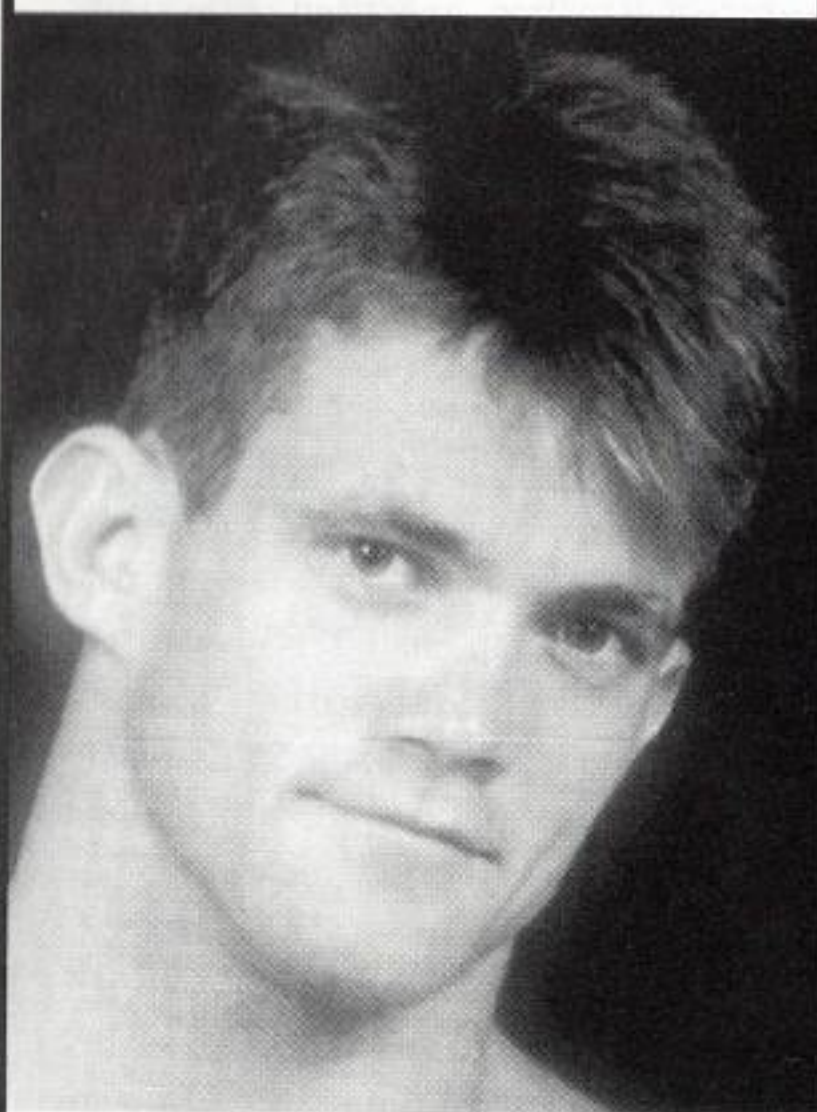

We walked until we couldn't be seen

feeling around until I found his dick. I was finally up close to him, and I used the opportunity to check out his labels. He was wearing Guess? painter pants, about three sizes too big, and dark brown Dr. Martens. He had the whole outfit down.

It took quite a bit of rubbing to get him hard, which gave me even more banjee realness. When his dick finally stiffened, it snaked off toward his left pocket. It wasn't real long, but it was certainly a handful.

I unzipped his pants and continued to

stroke his dick, now through his underwear – which turned out to be white Calvins. Another anomaly; I was expecting bikini briefs. This boy had seemed to be a pretty rough street kid, but I was starting to have serious doubts. I know that appearances can be deceiving: If those kids who walk

and worked up and down on the entire length of his dick.

I pulled up his shirt, and as I guessed he had a tight, cut stomach. I rubbed his belly button, which like his thighs was covered with a light sprinkling of hair, and a small piece of lint came out. He was watching and saw, and

up to me on the street and start to talk to me in Spanish only knew that I was a white kid from a farm town in upstate New York, I'd never get laid.

"Suck my dick already," he said. He was right; this was no time to be musing about cultural appropriateness. I took his dick into my mouth. "That's right. Suck that dick."

His dick was now hard as a rock, and it twitched lightly as I started to work on it. It was just big enough for me to call big, but not so big that I couldn't get it into my mouth. It had a loose-fitting foreskin that he pulled out of the way with one hand. A light smell of cum drifted from his open fly. I wondered if he had jerked off, or had already had sex with someone tonight.

I sucked his dick slowly, and he muttered encouragement. It tasted good, and it had a thicker spot toward the

with an embarrassed laugh brushed it off his stomach. I continued rubbing his stomach with his dick seated at the back of my throat.

"You like sucking my dick, don't you," he said gruffly. I grabbed the base of his dick and worked his foreskin up, then sucked on his protected head. He liked that, and started to breathe heavy.

"I want to cum. Do you want my load?"

"Yeah, give it to me."

"Jerk me off and suck the skin," he said. I started jerking him off, lightly and quickly with two fingers, while sucking on his foreskin. Pre-cum was pulsing out of his dick, filling my mouth with a sweet flavor. This boy tasted so good, and I could hardly wait for him to let his load fly.

It didn't take long. His dick started to twitch, and I slowed my pace. "Oh

leaned over and gave me a peck on the cheek.

I stood up and fixed my still-hard dick, which was poking out of the top of my pants. "Are you okay?" he asked, motioning to the bulge.

"Yeah, I'm fine." I'm sure he would have sucked me off, but I didn't want to kill the moment. He stood up and pecked me on my cheek again, smiling, as he zipped up. I stood and wiped off my chin, and smiled back.

"Are you sure you're okay?" he asked again.

"Yeah," I said. "I mean, what do you mean by that?"

"You didn't get to cum."

No straight boy worries about such things, and I smiled. "Don't worry

about it. I'm pretty beat, anyway."

"Me, too. Do you want to get going?"

"Yeah."

We took the road out of the park, barely speaking except to introduce ourselves (he said his name was Octavio). We stopped walking when we reached the road that turns off and heads toward Grand Army Plaza. I kicked a few pebbles as we stood, not knowing what to say to each other. Finally, he spoke.

"I'm not usually that way."

"You mean you don't come here that often?"

"That's not what I said," he said with a grin.

"What do you mean?"

"I don't know. I'm usually the other way." He wasn't being very clear. I

looked at him with a question on my face. "You know. I'm usually in your shoes." Playing stupid, I looked at my feet. "No," he said, laughing. He gave up on trying to continue the charade, lost his accent and said in a clear voice, "I'm usually more of a bottom."

I looked at him sharply, as if I was shocked to hear him speak that way. He was taking a bit of a risk; after all, other than the fact that I liked to suck his dick, I hadn't given him any clues as to my feelings about my sexuality. He saw the rough look on my face and looked away, embarrassed.

"That's all right." I said. "I'm usually more of a top."

"Really? That's funny." A few guys were walking in our direction, so to maintain appearances I stepped up on a rail-road tie and put my hands in my pockets, looking at my feet as I walked for affect. We were nearing the entrance to the park. "If you're a top, why were you doing all of the work?" he asked.

I didn't have a good answer to that so I kept silent and shrugged my shoulders. Truth be told, I am certainly not into the "top" and "bottom" thing - he was a cute guy, had a beautiful dick, and I was certainly happy to suck it.

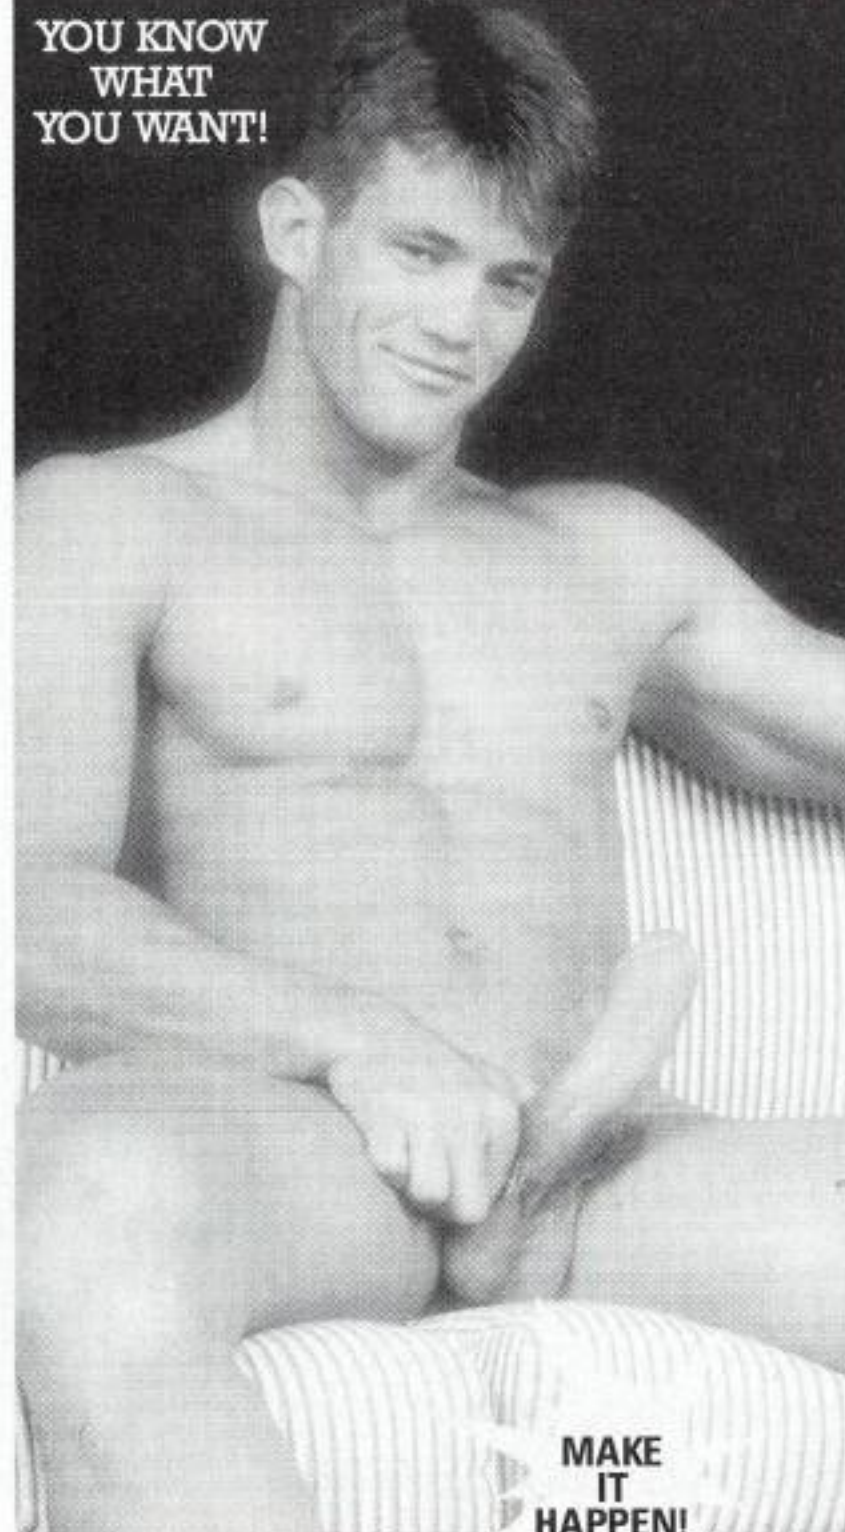

There was a cold wind blowing through the plaza, and I was starting to shiver. "Let's get going," I said. We walked to the spires that circle the Sailors and Soldiers monument and hesitated. He watched the cars go around the circle, I studied the monument. It's an awkward thing to ask for someone's number after a sleazy encounter in Prospect Park, but I wanted to ask for his, and he for mine. But after a minute we looked at each other, and he offered his hand.

"So maybe I will see you again?" he said. I shook his hand and said I hoped I would. He walked off toward the subway and I walked down Flatbush Avenue toward home. ■

THE BRIG

Excerpts from the classic novel
By MASON POWELL

"The Brig" follows a young navy officer's journey from straight-boy-next-door to fag-got masochist. When the novel opens, the protagonist proclaims his heterosexuality. He speaks of his seminary training and explains his decision to enlist in the navy, where he becomes part of an anti-war crowd aboard the ship on which he is stationed.

One night, in the midst of a drinking binge, the young officer writes to his commander, requesting a discharge. The commander reacts negatively and starts to ride the younger man, assigns him extra duties and graveyard shift watches. Late one night, ill with fever, the junior officer walks off a watch and is placed under arrest for eight weeks. Having heard the rumors about what is done to men in the brig, he gives himself over to the Marine police with much trepidation.

As the following excerpt begins, the narrator has

spent a week in the brig. He endures torture at the hands of the sergeant and two corporals, including scalded, shaved, whipped, and humiliated. The sergeant explains that they plan to train him as the "best kind of dog."

They marched me down to the room with the wooden table and I stripped and lay face down on it. The two corporals held my shoulders and arms and I felt the lash of the first stroke on my ass.

Then the second, then the third, and then the fourth

landed on my back.

But even as the sergeant had predicted, even by the time the fifth and sixth strokes were landing and searing into my back, my cock was rising to hardness, turning pain into arousal.

When the tenth stroke had landed across my ass, the whipping stopped and I felt the sergeant's hand on the back of my neck. It moved gently, just as the billy club had before, down my back, toying with the shaved spot above my ass, over the globes of my ass, and then down the crack of my ass to my hole. I felt his finger prod gently, then, just as gently, start to push in. He only pushed it in a little

way; but it was a relief from the pain of the whipping, and my body responded. I felt my ass contract as if to draw the finger further in and my prick stiffen more between my belly and the table top.

The sergeant gently withdrew the finger, then the strop whirred again and I felt it land against my ass.

Eight, nine, ten strokes, and then the whipping once again paused. His right hand on the back of my neck moved down, his finger pushing into my asshole, this time a little deeper. This time when he felt the contractions he pulled it slowly out and moved it down between my legs, taking my shaven balls into his hand and massaging them gently, encircling them with his fingers, tugging them gently downward, and finally laying them on the cool wood.

Then the whipping again, ten more agonizing strokes.

This time his finger plunged deep into my asshole and he began to move it around. I had never guessed that having something up my ass could give me pleasure; I would never have believed it. But he knew just what to do to me to make it unbearably exciting. He massaged my prostate through the intestinal wall, not the rough way a doctor checks it out, but with skill, making me moan with pleasure. Then he withdrew and worked on my balls some more.

Finally he put one arm under my belly and lifted me up a little, and with the other hand he grasped my swollen cock. He squeezed it, slid the skin back and forth, then pulled it

even before it struck that it would land on my ass, so helplessly and invitingly turned up for him. I writhed and squirmed as the blows landed, pinned at the shoulders by the corporals and forced by my own cock to hold my ass up to the blows!

He paused to stimulate me during the first thirty lashes. He went right through the second thirty with only those awful counts of ten between them. I felt the corporals release me from my shoulders and the sergeant told me to get up.

I turned on my side to let my cock spring back upright. As I lay for a second gasping and sweating, I saw the two corporals were leaving the room.

So, I thought, the sergeant had been getting my ass ready for his cock, and this was going to be it!

I got up off the table, and would have leaned my ass against it for a moment to steady myself if it hadn't hurt so much.

"Parade rest!" the sergeant ordered.

I did it, and the sergeant came around the table. He stood in front of me and slowly hung the black leather strop around his neck. He was sweating, and droplets of moisture trickled down all over his chest through the thick mat of dark, curly hair. He stepped forward up close to me and the strong, clean smell of his sweat overpowered me. He reached out both hands and began to play with my tits, pulling at them, massaging them, tweaking them. They quickly grew hard and stood out.

With his left hand he took the billy club and slid it up against my asshole, not pushing it in but almost. With his right hand he grasped my balls and began to tug at them, slowly, rhythmically...

balls and began to tug at them, slowly, rhythmically, as he moved the club in and out.

Then he opened his mouth and took the head of my swollen cock into it and began to lick and suck at the head.

I nearly came apart at the combination of pain and pleasure, but I held my hands firmly behind me, afraid that if I moved it might all end, and equally afraid that this was just another build-up for another torture.

He took my cock deeper into his mouth, and the rhythm of the club at my ass and his tugging my balls increased. His head moved back and forth as he sucked my cock deeper and deeper into his mouth, each stroke going a little further in, each licking of the underside of the head going a little faster.

I felt my arms and legs stiffening. I felt my ass tighten. I knew what was about to come.

The sergeant took his mouth off of

my cock, but he kept up the stimulation of my balls and my ass.

"You want to come?" he whispered.

"Oh, yeah!" I moaned.

"That's not the way you say it," he said softly, amused.

"Sir! Yes, Sir! I want to come, Sir!" I rapped out.

"You can only come if I let you," the sergeant whispered. "Let me hear you beg for it!"

"Sir! Yes, Sir! Please, Sir, let me come, Sir!"

"Then I was right all along, wasn't I?" he asked.

"Sir! Yes, Sir!" I agreed, not caring what he meant.

"You're nothing but a shit-faced little faggot, are you?"

"Sir! Yes, Sir!"

"Let me hear you say it," he said.

"Sir! Yes, Sir! I'm nothing but a shit-faced little faggot, Sir!"

"You're just another queer sailor!"

"Sir! Yes, Sir! I'm just another queer sailor, Sir!"

"Tell me you're a queer!"

"Sir! Yes, Sir! I'm a queer, Sir!"

"Tell me you're a queer!"

"Sir! Yes, Sir! I'm a queer, Sir!"

"Tell me you're a queer!"

"Sir! Yes, Sir! I'm a queer, Sir!"

"Tell me you're a queer!"

"Sir! Yes, Sir! I'm a queer, Sir!"

He plunged my cock all the way into his mouth, yanked down on my balls, and shoved the stick hard up against my ass. I felt the come boiling up from inside me, shooting through my cock. Then it exploded out the head and shot into his hot, sucking mouth, wave after wave of white hot lava, shooting all the pain from me back to the sergeant who'd caused it.

...

They moved me around to the foot of the table and had me stand up against it. The two corporals put their hands under my armpits and lifted me slightly, so that my cock and balls rested lightly on the table top. Then the sergeant wound the rope round and

round my legs, binding them to the legs of the table in the same fashion that my arms had been previously bound: tight, firm, but not tight enough to cut off the circulation.

The corporals released my weight and I sagged in the ropes. My feet didn't touch the floor, so my weight was carried by the friction of the ropes around my legs. My balls were crushed up tight against my cock and my belly by the wooden table top.

"Lay down!" my sergeant smiled.

I bent forward and lay on the table top. My ass was now right off the end of the table, my legs spread apart, my cock and balls crushed beneath me. The two corporals took hold of my arms and stretched them toward the other end of the table, so hard that I felt as if I were being racked. While I was thus stretched, the sergeant produced some leather manacles, like the ones I'd seen in the training film, and fastened them about my wrists. Then he attached ropes to them and bound the ropes round the legs at the head of the table. I really was racked now, I thought, ropes and all!

There wasn't a muscle I could move, except my fingers and toes.

I felt the sergeant's hand sliding over my back, smoothing my skin, the way he sometimes did before a whipping. I felt his hand move down over the burning globes of my ass. He slapped my ass hard, and I grunted. That seemed to satisfy him.

"You're up, again!" he said.

The redhead came around and squatted down where he could look me in the face.

"I'm gonna give you all them things you wished for now," he said. "You remember. All them things you wanted to do? Well, you're gonna do them. This is your graduation, slave boy!"

I felt, more than saw, the sergeant and the dark corporal come to the sides of the table, about even with my hips. I felt, more than saw, the redhead go around to the foot of the table.

I felt him put the head of his long, thin, hard cock against my asshole.

DRUMMER CLASSIC FICTION

When he'd put his cock in my mouth, he'd been careful of my teeth, and so he'd fucked carefully. Now there were no teeth to worry about, and he let himself go. He fucked hard, the way the sergeant had, and with no worries. He fucked savagely, ramming it in hard and deep, then ramming it in from different angles, battering at the sides of my insides until I was sure he'd tear me apart.

And all the while he fucked me, the dark corporal and the sergeant rained down blows on my back with their belts. There was nothing for me to do but scream, and so I did a lot of it. The way my arms were tied meant that new configurations of muscles were being whipped when I thought that I'd been whipped every way possible.

Eventually, as he fucked me, my asshole loosened up. The battering was still rough, but it began to become bearable. Then that mysterious change started to come over me, and the whipping on my back started to blend with what I was feeling up my ass, and the whole thing shifted to pleasure. It was still pain, but the suggestions the sergeant had planted deep in my mind were alive and working. As I felt the redhead go off, sending his hot fluids deep inside me where I'd never felt anything before, I too came.

My cock, crushed against the wood, burst forth with pulses of hot come, wet and warm against my belly, slippery on the wood, and painful in their violent discharge.

The whipping didn't stop. The red-

scratch. His bigger cock was like doing it again for the first time.

Though he wasn't savage the way the redhead had been, the sergeant knew other ways to hurt. He rammed a little at a time, but always just a little deeper, and always just as the belts landed. My head was thrashing back and forth wildly by the time he was all the way in, and I was out of my mind. Nothing I had ever experienced was like having this big man's cock up my ass!

He started fucking, hard and fast. I went even wilder. I think if I'd been free to move I might have torn his tool right off, so much did I try to move my ass away from his onslaught. He fucked and fucked, and my throat grew raw from screaming before I felt him come deep in my ass, the sensation like alcohol being poured on an open cut. It was fire; it was pain; but it was a driving fulfillment of desire, too!

I barely noticed that I was coming as he pulled his cock out of my ass.

Then the whipping stopped and the full terror of what was about to happen hit me.

The pain of the whipping, I realized, had mitigated the pain of my rape. Now the whipping had stopped, and I looked up from the table to see the dark corporal standing where I could see him, sliding his fist back and forth around his huge, engorged penis: like a ramrod, a battering ram, a . . .

And then I felt the two belts land across my back at the same moment he rammed his cock up my ass!

hole. I kept screaming and begging them to whip me, knowing full well that whipping was what I wanted more than anything else in the world; knowing that whipping was always going to be better than any kind of sex; knowing for absolute truth any suggestion, any fantastic suggestion that would make bearable what was surely going to happen.

And then it happened. I felt the big head probe at my ass. It was like a big animal nosing at the flap of your tent on a night in the woods. It was like a giant monster looking into your window in a horror movie. Only it was real.

I felt it start to push in, to stretch my anus, wider and wider, past its previous stretching, wider, till I felt it start to tear. I kept screaming and begging for the whip, as I knew they wanted me to, and it kept coming in, wider and bigger and more awful.

And then I felt a light slippage, and I knew the head was in, intact.

It moved in, relentlessly, like a squadron of tanks, unstoppable. I felt my guts spreading out, stretched by the mass of it as it forged ahead. Nothing could stop it. It was like a tidal wave, huge and terrible, a force of nature.

It seemed to take forever for it to get all the way in. Time and again I was sure there couldn't be any more of it, or that there couldn't be any more room in me for it to fill. I knew it was only ten or twelve or thirteen inches long. That it couldn't be any more than that! But it seemed to take forever, to go on forever, and I found myself wondering crazily if it was going to come out of my mouth.

Then it was done, and I felt his groin, his pubic hair, up flat against my butt. I heard him sigh, and then I heard him laugh, a short, cold laugh. Then he started to fuck me.

He started slow. He had no need to be harsh or savage; the mere size of his weapon was enough to hurt me with every move. He drew all the way back, till his cock was almost out, then slid all the way in again. I felt a

riptide in my guts as he did it, and then he did it again, a little faster. And then a little faster.

It was so complete a wrenching of my body — my ass, my intestines, sometimes I thought my stomach and my heart — that there wasn't room to think or after a while to feel. I didn't perceive the change in what he was doing for a long time, it coming to me very slowly that he was fucking me hard and fast and that my very bowels were now a thing to be controlled as sure as he controlled my tied and whipped and helpless body. They had owned my outside; they had got hold of my mind; and now, as the dark corporal fucked and fucked me, they even owned my bowels. I was theirs,

And then I was shocked back into awareness of what was happening to me by a blow landing between my shoulder blades, a blow so hard I knew it could have only come from the dark corporal who was fucking me. And I heard him begin to cry out, even as I felt his huge weapon start to fire off inside me, even as he rammed harder and harder and started to land blow after blow across my back with the belt.

I was shocked by the suddenness of it, by the renewed intensity of the pain, by everything, and I bit down on the belt, and screamed hoarsely in my throat, and I came too. An angry, painful explosion out of my balls that fought to get through my cock and

out onto the wooden table, fought to compete with the huge cock up my ass for my body's attention.

But my orgasm was nothing to me when compared to the monstrous orgasm the dark corporal was shooting off inside me, his huge organ

tearing my ass and my guts apart with the violence of it, his powerful arms ripping the flesh off my back with the leather belt he was swinging!

I knew that I was going to die from what was happening to me, and I only wished it would be soon.

But I also knew that another part of me liked it. ■

He started slow. He had no need to be harsh or savage...

inside and out, to do with as they willed.

He was like a huge machine. I saw images of the big guns on shipboard, their barrels pulling back and then shooting out as they fired. I saw images of the big, phallic shells the guns shot. I felt as if I were being shelled from the inside as he pumped his big prick into me over and over and with rising force.

I noticed that I had got hold of one of the belts with my teeth. That I was biting down on it. I also noticed that I wasn't screaming and begging anymore, only grunting in response to each of his gigantic thrusts.

The sergeant picked up the belt I wasn't biting and walked over to the back of the table.

"You still want to be whipped, Rover?" he asked.

"Sir, Yes, Sir!" I mumbled, not even aware of what I was saying.

Virtual But Virtueless Pornography LONDON

The issue of child pornography has been pushing a lot of hot buttons lately. Many observers fear conservative forces are using the issue as a wedge for introducing highly repressive laws and legitimizing a campaign against all forms of sexuality that some people deem deviant.

In September federal agents raided 120 homes around the U.S. and charged at least a dozen people with participating in an alleged child pornography ring operating on the America Online computer network. The arrests resulted from a two-year investigation, dubbed "Innocent Images," conducted by the U.S. Department of Justice.

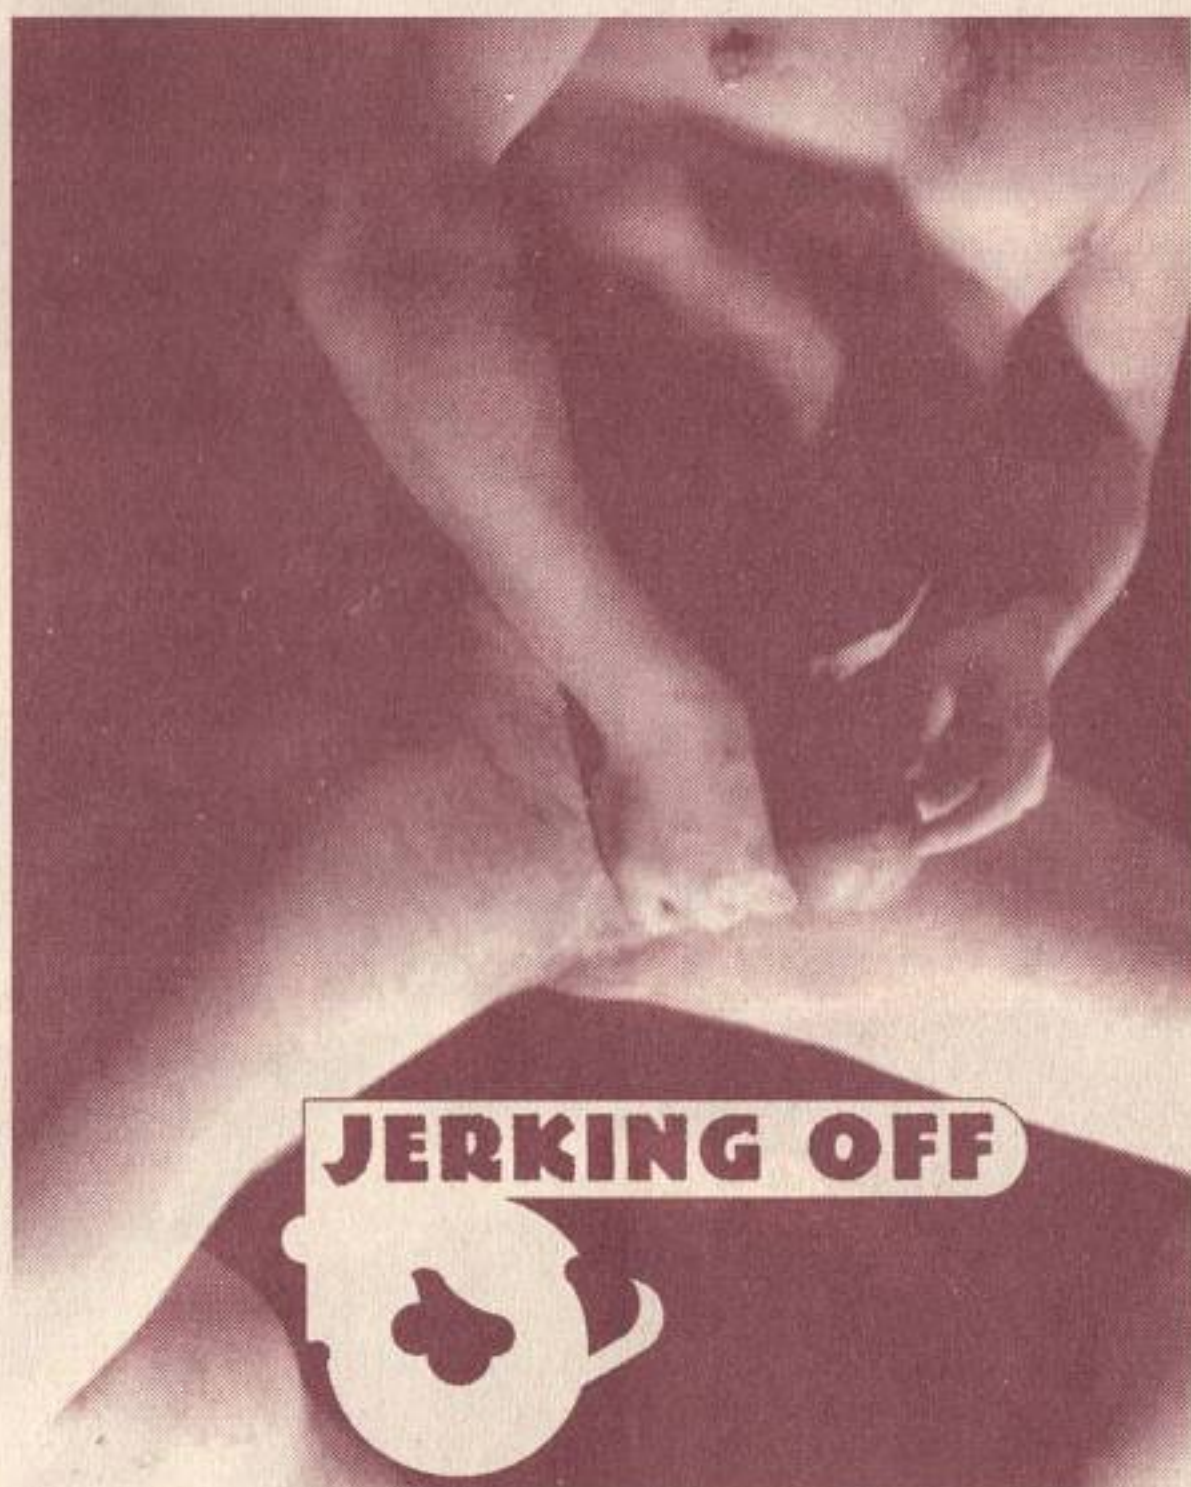

"We are not going to permit exciting new technology to be misused to exploit and injure chil-

dren," said U.S. Attorney General Janet Reno at a press conference following announcement of the raids.

Raids took place in Miami, New York, Dallas, Newark, N.J. and other cities. More arrests are anticipated as the undercover operation, which is jointly conducted, under the Justice Department's auspices, by the Baltimore FBI office and the Florida Department of Law Enforcement, progresses.

In a letter to American Online's 3.5 million subscribers, AOL chief executive Steve Chase said tips from network subscribers first alerted officials to the possible existence of the child porn ring. As of late September, federal officials had released little about specific charges and presented few examples of evidence.

SAYING IT WITH SEX A radical new book conceived, designed and written by young gay and bisexual men offers sexually active guys a complete look at how to have sex safely. "Sumt'n ta say/ Behind our backs" offers a no-holds-barred approach to explaining an endless variety of sexual techniques. The book has bold and cheeky design coupled with in-your-face discussions of sex. Young men interested in the book should call 415-985-5296; all others can get more information from the San Francisco AIDS Foundation at 415-487-3000.

Meanwhile Senator Orrin Hatch, chairman of the U.S. Senate Judiciary Committee introduced legislation that would make it illegal to use computers to produce child pornography. According to Reuters news service, the bill goes beyond previous attempts to regulate child pornography by making illegal the depiction of children engaged - or appearing to be engaged - in sexual acts that do not actually involve the use of child models.

Reuters quoted a statement from Hatch, R.-Utah, which read, "Today, visual depictions of children

engaging in any imaginable form of sexual conduct can be produced entirely by computer, without using children, thereby placing such depictions outside the scope of federal law."

Further explaining the bill's intent, Hatch's statement continues, "Computers can also be used to alter sexually explicit photographs, films and videos in such a way as to make it impossible for prosecutors to identify individuals, or to prove that the offending material was produced using children."

HANDS ON IN NEW YORK Some call it New York City's most uninhibited sex party. Hands On convenes every Friday and Sunday from midnight to 6 a.m. at the Cellblock, 28 Tenth Avenue near 13th St. The group also hosts a variety of special events. time brought together Romanian gays, diplomats, reporters, government officials, members of Parliament, church leaders and representatives of international human rights and gay groups to discuss homosexuality. The symposium, locally sponsored by a new gay organization called Bucharest Acceptance Group, was part of the United Nation's International Year of Tolerance."

The scandal clause has some gay-rights supporters worried. They fear that gay couples who express affection in public could be jailed if a bystander claims to be shocked. Amnesty

International recently reported that 11 Romanian men remain jailed for consensual gay sex acts. The old law allowed punishment of up to seven years in prison.

Cops Yes, Cocks No TASMANIA

Gay and lesbian cops here apparently are free to use their nightsticks but not their cocks or cunts, according to a report from international gay news correspondent Rex Wockner. Although Tasmania is the last Australian state to retain a prohibition against gay sex. Nonetheless, the

correspondent reported, Tasmanian Police Minister Frank Madill announced in September that gays and lesbians are welcome as police officers.

According to Wockner, the U.N. Human Rights Committee found the state's law in violation of the International Covenant on Civil and Political Rights, to which Australia is a signatory. The federal legislature passed a national law intended to neutralize Tasmania's regional one, but the validity of the federal legislation remains to be tested in court, he said.

The number of gay and lesbian officers on the Tasmanian police force is not known. "Because we don't ask, we don't know," Wockner quoted Madill as saying.

Gays Get Own Planet SEATTLE

The current Windows '95 blitzkrieg has brought with it a new gay, lesbian and transgender computer network sponsored by Windows developer Microsoft. Planet Out debuted in late August with the introduction of the heavily promoted new Windows operating system.

Access to the network comes with the purchase of every computer that includes Windows 95 as its basic operating system, which means virtually every new PC sold from this point on.

It's too early to judge how friendly to the SM and leather communities the new network will be, but numerous national

organizations, including the Human Rights Campaign Fund, National Gay and Lesbian Task Force, Parents and Friends of Lesbians and Gays and the Gay and Lesbian Alliance Against Defamation have signed on to provide information and communication exchange through the service.

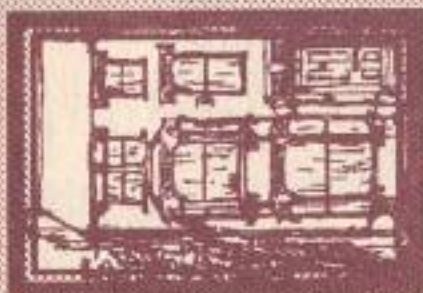

Planet Out expects to attract several million computer network users. It was developed using the results from a survey in Out magazine.

Leatherfolk Join Mayor for Drinks AMSTERDAM

Dutch gay motorcycle and leather organization Motor Sportclub Amsterdam celebrates its 25th anniversary in November. As part of the celebration, the city's Mayor, Schelto Patijn, its Aldermen and City Council issued an official invitation for MSA to join them for a cocktail party at City Hall. Because the current city administration is regarded as conservative and antagonistic to gay rights, the invitation is being viewed as a significant breakthrough in the relationship between the gay leather community and the city.

Responsible for the invitation is Amsterdam Alderwoman for gay Affairs Jikki van der Giesen. The alderwoman told Drummer, "Normally we get all these requests for money when organizations are celebrating anniversaries, but these men of the MSA didn't come to me for money, but to help them find a suitable

Gold Medal for Sex Busts? ATLANTA

According to a report from the Committee to Preserve Our Sexual and Civil Liberties, Atlanta police are preparing for the 1996 Olympics by adding undercover patrols to gay cruising spots and raiding sex shops and seizing dildos, which are illegal in Georgia, and vibrators.

Although there is no evidence to suggest the notoriously homophobic International Olympic Committee instigated the recent actions, it is yet one more indication that Olympic activity and gay activity generally do not go hand in hand, at least not on an official level. Earlier, an anti-gay resolution passed by the Atlanta suburb of Marietta, the proposed site for several major Olympic

events, drew demands from gay activists for an Olympic boycott.

Atlanta officials insist the raids do not constitute a gay witch hunt but are simply part of a general effort to enforce the law. Georgia, many will recall, was the home of the famous Hardwick case, in which the U.S. Supreme Court ultimately upheld the state's right to break into gay people's homes and arrest them for sodomy.

Second Gang of PWA Bank Robbers TURIN

Reports from Reuters and the Associated Press revealed Italy now has two gangs of self-proclaimed bank robbers with AIDS. Following earlier reports from this city of a group of men with AIDS who had stolen an estimated \$150,000, Turin police announced the arrest of a second group.

Both gangs claimed to be taking advantage of a 1993 Italian law forbidding imprisonment of PWAs.

The first gang, which the local press called "The Untouchables," purportedly because of their legal and not their HIV status, committed several unmasked daytime bank robberies and were arrested each time, only to be released under the 1993 statute. Little of the money they stole was recovered.

In an interview reported in the Washington Post, "Untouchables" gang member Ferdinando Attanasio said he and his friends robbed both to keep themselves alive and to protest government inaction. He was quoted as saying, "We haven't hurt anyone in any of the bank raids. We rob because we are forced to; to eat; to keep our problem a live issue. Since 1989 when I discovered I had the disease, I have been waiting for a pension. Every time I ask, they say, 'Wait a bit longer.'"

After the newest robbery by a second gang, "Untouchable" Antonio Lamarr was quoted by another newspaper as decrying the new group's

thefts on the grounds that the point had already been made. "Ours was a provocative gesture," he told a reporter. If everyone who is terminally ill starts committing robberies, it will be mayhem."

According to the Associated Press, when the 1993 law was passed, the Italian government approved funding for more than 4,600 prison hospital beds, sufficient to handle the HIV-infected prison population at the time. However, activists claim none of the special-care facilities have been built.

Turin prosecutors have demanded indictments for both sets of robbers, but the Italian Ministry of Justice maintains the law must be modified before they can act. Members of the country's conservative bloc in the national legislature have demanded immediate action.

Dutch Form Prostitute Union AMSTERDAM

Holland's Federation of Unions, the FNV, has launched a plan for an official trade union for prostitutes under the name Prosex. The organization, which will be affiliated with the Service Industries Union of the FNV, hopes to attract a significant percentage of the nation's estimated 30,000 male and female sex workers. All kinds of prostitutes are allowed to join except for the so-called "heroin whores" who work the streets to fund their heroin addiction. ■

On your knees, boy!

I said, get down on your knees, boy! Good boy. Now, boy, I want you to take a pencil and fill out this order form for the all-new RoB catalog. I'm going to give you one minute in which to obey me, boy, and if you haven't filled out this order form perfectly, then you know what's going to happen boy? Well, for starters I'm going to give your pussy-boy ass a wallop it won't soon forget. But more importantly, you're never gonna receive the newest and largest RoB catalog ever. The catalog that's bursting with the best selection of leather and rubber gear that any true slave would get an instant hard-on over. So you see, boy, if you don't fill this out, you're just never gonna get to suck on that new gag your Master was going to order to fill that pretty little scum-sucking mouth of yours. You'll also never get a chance to order those new leather chaps that you were going to get for your Master, and that means you'll never be able to clean them with your tongue like a good little groveling slave boy should. So, boy, why the fuck aren't you writing? I told you to fill this out NOW, boy! I mean it, you little shit. You've got only 30 more seconds. Do it

Dogboy Production's Sizzlegram

A skinhead punkboy gets busted by a C.H.P. Officer. The cop takes matters into his own hands and teaches the little punk a lesson. After handcuffing the miscreant, the hot cop spanks and humiliates the punk. Things begin to sizzle as he blows cigar smoke into the boy's face, teases him with his night-stick, makes the punkboy suck his big cop cock, worship his boots, and dine on his butt brunch buffet. The boy is over-powered and forced to comply with each and every one of this out of control cop's demands. HOT COP ACTION!

Body Bound

In bondage there is freedom.

BY CIRUS (e-mail: CirusNigh@AOL.com)

We live in a world of the mind, an age of computers and philosophy, of numbers and words. Modern life offers little encouragement or time to focus on our physical selves. As a consequence, many of us take our bodies for granted and never realize their full potential. We react to feel-

the context of a sex or fetish scene. Bondage can employ anything that constricts, binds, seals, restricts movement, or accentuates bodily sensations. Latex, for example, increases awareness of the skin and sweat through heightened tactile sensation. Cock rings create greater sexual awareness, even without an erection.

There is a small minority who use corsets as bondage. Many gay men seem to shy away from corsets because of the feminine connotation they have, an hourglass figure is not

allows a person to focus the mind and its energy completely on what is happening at the time, much like traditional bondage. It changes the way we think about our physical form. By renouncing movement and freedom, aspects of physical life we often take for granted, we open ourselves to a different vision.

When a man is tied up, he no longer has to think about what to do. He doesn't have to be preoccupied with what to stroke, where to lick or how to position himself. Someone
